JOSEPH LAKIN PLEADS GUILTY

Sentence Will Not be Pronounced
For Few Days so He Can Settle Business Affairs

FIRST JURY TRIAL THURSDAY

Case Charging Operation of Gaming
House is Moved up Day From
Date Originally Picked

Joseph Lakin entered a plea of guilty to the charge of unlawful sale and possession of intoxicating liquors in circuit court this morning. The formal arraignment was made, but Judge Sparks did not pronounce his sentence as Lakin desired to get his business affairs straightened out.

The trial was set for Friday of this week, but now this will not be necessary. Lakin was indicted last summer by a grand jury along with Charles Perkins. It was alleged that the "blind tiger" was operated at a camp they maintained northeast of the city. Perkins pleaded guilty at the last term of court, receiving a suspended sentence on account of his health. The action of Lakin came as a surprise in some quarters as it was expected he might fight the case.

The first jury trial of the November term will start Thursday instead of Wednesday as originally planned. The case against James Kratzer and John Wolter, charged with operating a gaming house, will be heard at this time instead of on Wednesday. The men are indicted jointly, but whether both will be tried the same day depends on their attorneys. The state is willing to try both cases at the same time, but it is likely that separate trials will be asked.

The outcome of these cases is watched with interest. Kratzer and Wolter operate a pool room in West Second street and it is alleged that the game of rum has played there constituted gaming. At one time the rum games in the city were stopped and Kratzer and Wolter started their game despite orders from the mayor and police. Since the indictment against these two the other places have again started the game and the owners of the places now permitting rum to be played are displaying a great interest in the outcome of these trials.

The continuance of these games depends largely on the outcome. Should the men be acquitted the game will likely go on, but if a conviction is obtained there is a likelihood that the game will be put out of business and a wholesale number of indictments on similar charges.

Judge Sparks this morning overruled a motion for a new trial in the case of John A. Anderson against Joseph Hardin. The case was to foreclose a mechanics lien and the court returned judgment for Anderson in the sum of \$48.

TO PRESENT WILSON PLAN

American Commissioners Expect the
Mexicans to Accept It.

(By United Press.)

Atlantic City, Nov. 21.—A final plan of border patrol and withdrawal of the American punitive expedition now in Mexico, backed by President Wilson's approval was to be presented to the Mexican members of the American-Mexican commission today with the statement that the administration at Washington expects it to be accepted without further wrangling.

Helen Heckman is suffering with an attack of the measles.

WANTS TO BE CHAPLAIN

W. R. Jinnett Announces he is Candidate for Prison Place

Representative W. R. Jinnett of Manilla, according to information from Indianapolis, announced yesterday that he is a candidate for the appointment as chaplain of the state prison at Michigan City. The position pays a salary of \$1,800 a year. Mr. Jinnett was a member of the house of representatives in 1915 and was re-elected on the republican ticket this year. Mr. Jinnett is a minister and is well qualified for the place he seeks.

COULD NOT STAND SECOND OPERATION

Amputation of Frank Thomas' Leg
Made Necessary by Blood Poisoning, Proves Fatal

COW STEPPED ON HIS FOOT

Frank Thomas, well known farmer living two miles west of Milroy, died this morning in the Methodist hospital in Indianapolis, following the amputation of one of his legs. About a year ago a cow stepped on his foot and blood poisoning developed. At that time he was taken to the hospital and the leg was amputated. Mr. Thomas failed to recover, however, as the poison seemed to be all through his system. His other leg was so affected that he was again taken to the hospital last week and it was amputated. He failed to stand the shock and died this morning.

Mr. Thomas was 72 years old. He is survived by the widow and one son, Clyde Thomas. The remains will be brought here tomorrow afternoon and taken to the late residence. The funeral arrangements have not been completed.

PASSENGERS AND CREW ARE SAVED

Life Savers Reach Stranded American Steamer Sibiria After Long Fight With Sea

SCENE OF OTHER WRECKS

(By United Press.)

Deal, Eng., Nov. 21.—Life boat crews today succeeded in rescuing all passengers and members of the crew of the stranded American steamer Sibiria.

The Sibiria struck the Goodwin sands late yesterday. All through the night the waves pounded the vessel, passengers and crew waiting vainly for aid that life boat crews could not give them in the face of the high seas.

Two or three times the life boats were capsized in the surf, several life savers narrowly escaped drowning. Late today, however, a crew succeeded in getting a line aboard the Sibiria.

Life savers have rescued eighty-two persons from various distressed vessels there in the last forty-eight hours.

LINER IN DISTRESS

Washington, Nov. 21.—The liner Lampacas is in distress off Brunswick, Ga., and a coastguard cutter is rushing to her assistance, wireless dispatches said this afternoon. The vessel is in the passenger and freight service between New York and Galveston.

St. Paul, Minn., Nov. 21.—C. A. Congdon, Minnesota member of the republican national committee died today. Heart trouble caused his death.

WATSON LEAVES ON DECEMBER 1

Newly Elected United States Senator, First to Get Commission, Prepares to Assume Duties

APPOINTS A SECRETARY

John F. Hayes, at One Time Secretary to Former Senator Beveridge, Is Named as Aid

Senator James E. Watson stated today that he would leave Rushville for Washington on December 1 to assume his duties as United States senator, his commission having been issued yesterday in Indianapolis by Governor Ralston.

Senator Watson said that he would take his family to Washington after Christmas, but that he would still maintain his residence in Rushville, and added, "I never expect to leave Rushville."

Senator Watson expected to leave today for Phoenix, Arizona on a business trip, but said this morning that he did not know for certain whether he would have to go until he reached Indianapolis.

Senator James E. Watson of this city was the first successful candidate at the election November 7 to be issued a commission by Governor Ralston. He received yesterday the official papers which certify to his election and which will gain admission for him to the United States senate.

Incidentally, at the same time, Senator Watson announced the appointment of John F. Hayes of Indianapolis and Laporte, secretary of Albert J. Beveridge when Mr. Beveridge was in the United States senate.

Mr. Hayes has been identified with political affairs for several years and has been connected recently with the Rumely Company of Laporte. He was one of the active managers of Senator Watson's campaign before and since the nomination last March.

The commission was made out in the offices of Homer L. Cook, secretary of state and signed by Governor Ralston, and the seal affixed.

The commission reads:

"In the name and by the authority of the state of Indiana, to all who shall see these presents, greeting:

"Whereas, it has been certified to me by the proper authority, that at a general election held on the first Tuesday after the first Monday in November, 1916, the same being the seventh of the said month, James E. Watson was duly elected to the office of United States senator, in and for the said state of Indiana.

"Therefore, Know ye, that in the name and by the authority of the state aforesaid, I do hereby appoint and commission the said James E. Watson to serve as such United States senator until the fourth day of March, 1921.

"In testimony whereof, I hereto set my hand and cause to be affixed the great seal of state. Done in the city of Indianapolis, this twentieth day of November, in the year of our Lord, 1916, and of the independence of the United States, 141st."

The issuing of the commission sets at rest the report that defeated candidates on the Democratic ticket intend to demand a recount of the vote in Indiana and that there were indications of irregularities in the voting in this state. It is recalled that Governor Ralston has been very careful about issuing commissions in the past, and that he refused to grant papers to certain persons in Vigo County whose election appeared certain on the day of returns two years ago, and who, it developed later, were elected by fraud.

PSI IOTA XI TO SELL SEALS

Sorority Girls Will Enter Campaign Soon With View of Surpassing Former Records

SAME TACTICS TO BE USED

75 Per Cent of Proceeds of Sales in City Will be Given to Visiting Nurse Fund

"Buy a Red Cross Seal" will soon be the cry, for the members of the Psi Iota Xi sorority have decided to take charge again of the sale of Red Cross seals and are planning a more vigorous campaign than in either of the two previous years when they have managed it. For the past five years, the sale of these little stickers has brought a goodly sum into the county for the prevention of tuberculosis and the support of the visiting nurse. Dr. W. C. Coleman, president of the Society for the Study and Prevention of Tuberculosis is at the head of the campaign.

Last year the sum taken in was \$115.51, and the most successful plans worked out in selling this many stamps will be used again this year. Letters explaining the cause of the stamps and inclosing one hundred stamps and an addressed envelope in which to return a dollar, will be sent to a number of the public spirited citizens. Last year the people of Rushville responded readily to this means of selling stamps and for that reason it will be repeated. During the days before Christmas, the girls will have the seals on sale in the postoffice; there will be special sales in all of the schools; and within a short time they will be placed on sale in all of the drug stores. Twenty-five thousand seals have been ordered to "start on."

The fact that 75 per cent of the proceeds return to the city should encourage the sale of the seals. This entire amount will be turned over to the visiting nurse fund by the Society for Study and Prevention of Tuberculosis. Fifteen per cent of the sales goes to the state headquarters, which manage the advertising and distribution; and ten per cent goes to the national headquarters which furnishes the seals.

One thing which will make the sale less complicated this year is that the sale of seals in the county will be managed by the state headquarters. Only the campaign in the city itself will rest with the sorority girls. Heretofore, by selling seals throughout the county, the visiting nurse was obligated to answer calls in the country and in the county towns. By this new plan, only the proceeds from the sale in this city will go to her and she can confine her work to the city limits.

Prizes are being offered by the headquarters for the organization in towns of equal size selling the greatest number of stamps. It has not been decided whether or not the sorority girls will enter into one of these contests, but they will make every effort to surpass the record of past years.

COAL MARKET IS SWAMPED

Municipal Mine at Terre Haute Takes 3,000 Orders First Day

(By United Press.)

Terre Haute, Ind., Nov. 21.—Mayor Gosson's municipal coal mine did an unprecedented business today. Three thousand orders, practically all of them calling for the limit of 2½ tons each, were received the first day of business and hundreds of others began pouring in today.

MEASLES ALL OVER COUNTY

Schools in Country and Small Towns are Also Hard Hit

The epidemic of measles is not confined to this city alone by any means. Most of the towns of the county report many cases and the country schools are equally as hard hit as the city schools. There are many cases in Raleigh and new cases develop every day. In Orange 38 cases were reported today. The school there is almost demoralized. New Salem has had many cases, but the disease has subsided there and most of the pupils are back in school. In Milroy the measles have about disappeared and whooping cough is "all the rage."

IS GOING TO BE AN 8-HOUR DAY-STONE

Head of Brotherhood of Engineers Says Otherwise Country Will Have Some Unfinished Business

LABOR WILL WATCH FIGHT

(By United Press.)

Baltimore, Nov. 21.—"There's going to be an eight-hour day on the railroads, or there is some unfinished business before this country."

In this manner today Warren S. Stone, head of the brotherhood of engineers, answered the question whether the railroad brotherhoods will call a strike if pending injunction proceedings tie up the operation of the Adamson railway law.

Speaking before the convention of the American Federation of Labor here, Stone declared:

"Labor will watch while the railroads fight their own government.

"We expect the brotherhoods on the first day of January to inaugurate an eight-hour day."

Affiliation of the brotherhoods with the American Federation of Labor in a short time seemed likely at the conclusion of the four leaders visit to the convention.

DEPORTING BELGIANS.

(By United Press.)

London, Nov. 21.—Notwithstanding protests from America, Holland and the Vatican, Germany is still deporting Belgian workmen. Moreover, she is now registering presumably for future deportation all citizens of Switzerland and the Duchy of Luxemburg who are residing in Belgium.

SECOND START IS MADE TODAY

Deutschland Turns Her Nose Towards Atlantic This Afternoon at 2:30 O'clock

IS ESCORTED BY TWO TUGS

Submarine Will be Able to Clear Race Before Dark and Have Benefit of Darkness

(By United Press.)

New London, Conn., Nov. 21.—The German undersea freighter made her second start for her home port of Bremen at 2:35 this afternoon, escorted by two tugs which were to accompany her to the three-mile limit.

The great steel net which guarded the Deutschland's return had been swung aside and the sea-green monster of the deep slipped out of her berth on her own power.

Once out into the main stream she swung about, pointing her nose towards the Atlantic, and with the tug Alert alongside, was soon headed for the open sea.

Several members of the Deutschland's crew were on deck and waved farewell.

The submersible will be able to clear the Race well before dark and will then have the benefit of the cover of night for her first dash beyond the three-mile limit.

FRAUD PROBE SPREADING

Witnesses Are Called From Columbus and Frankfort Today.

(By United Press.)

Indianapolis, Ind., Nov. 21.—The investigation into alleged election frauds spread to Frankfort and Columbus. Forty witnesses today were subpoenaed from Bartholomew county to appear tomorrow and give testimony under election fraud cases. Others have been summoned from Frankfort.

NOT TO TALK PROHIBITION

(By United Press.)

Indianapolis, Ind., Nov. 21.—Walter Chambers, state senator who sent out the call for democratic members of the state senate to hold a conference at the Claypool hotel Friday afternoon today denied that the meeting was to consider the prohibition issue.

Santa Claus Will Have Only Few Dolls With Wigs on Them

War Makes it Impossible for Those of German Manufacture to Reach Here, Dealers Say

AMERICANS DON'T KNOW ART

It would be a bleak Christmas without a doll, especially one of these with "redular hair and eyes and eyelashes," but that is the possibility that confronts the average little girl of Rush county.

Santa Claus—the one that will make the hearts of little folks around here glad, is going to have a difficult time getting any of those kind of dolls because the nasty war has decreed that all of German manufacture shall remain in Germany.

Local dealers have only a limited supply of dolls with wigs and all those who are going to play Santa Claus and want a doll of that sort had better buy early while the buying is good. There are plenty of bald-headed ones, because they are made in America.

Dealers here have plenty ordered

for the Christmas trade, but ordering them and getting them are "horses of a different color." Even though they felt sure there would be no German dolls in America in time for the Christmas trade, importers went to the expense of sending salesmen all over the United States and taking orders. Rushville store managers who sell dolls say that although the docks at German ports are heavily laden with this class of Christmas goods, there is absolutely no prospect of any of them reaching the United States in time for the Christmas trade.

The Deutschland has made a couple of trips to the United States, but she never had any room in her bottoms for dolls—always a something more valuable was brought over. American manufacturers have learned the art of making the non-breakable dolls, but they have not yet mastered the one so that they can make dolls with wigs like those of Germany.

Amusements

"The Soul Market," a sensational five part Metro feature picture, produced by Popular Plays and Players, with Mme. Petrova, the gifted Polish actress, in the stellar role, will be seen on the screen here at the Princess on tomorrow.

Mme. Petrova is surrounded by an excellent supporting cast including Gypsy O'Brien, Arthur Hoops, Wilmoth Merkyl, Evelyn Brent, Fraunie Fraunholtz, Al Thomas, Fritz de Lint and other well-known stage and screen artists. "The Soul Market" is an absorbing story of life behind the scenes in a Broadway theatre, and the attending gay life along the Great White Way. It is a true picture of conditions in New York, and the story carries a moral of no uncertain quality and strength. It promises to be one of the most interesting features of the season.

A chapter of "The Scarlet Runner," a three-act drama, "A Fool and His Friend" and "Breaking In and Out of Society," a comedy, will be the offerings for tonight.

The Mystic offers the three reel drama "The Head of the House" for the first picture tonight. Frank Mayo and Lillian West are featured. The second is a Rose Melville comedy "Her Great Invention." The last is a railway drama "The Secret of the Box Car." Helen Gibson is featured. Tomorrow the feature picture "Betrayed" will be shown.

Local News

Walter Gartin has recovered from the measles.

Richard Smith is recovering from an attack of measles.

Miss Ethel Ellingwood, who has been ill with the measles, is greatly improved.

William E. Bowen has filed an account suit against John D. Green, demanding \$200.

An oyster supper will be given at the hall by the Ladies Aid society of the Sexton Christian church on Thursday evening. Everyone is invited to attend.

The Knights of Columbus will meet at their hall at 8 p. m. Tuesday and march to the home of Michael Cooning on account of the death of Mrs. Ann Kelly.

T. E. Murphy of Glenwood, who underwent an operation last Saturday at the Sexton sanatorium for tumor, is getting along as well as could be expected.

The members of the Catholic Ladies Altar society are requested to meet at the home of Mrs. Michael Cooning in North Sexton street this evening at 8 o'clock.

L. C. Snodgrass and family moved today from the old Republican building, corner of Perkins and Second streets, to the Price property in West Third street.

Alonzo M. Newhouse and Knowlie T. Newhouse, doing business under the firm name of A. M. Newhouse and Son have filed suit in circuit court to foreclose a garage lien against Greely P. McCarty, demanding \$100.

Wash Away Skin Sores

To the many sufferers of skin disease D. D. D. the liquid wash, has become a household word. They know it is reliable and they can depend on it, they do not hesitate to recommend it to their neighbors. It has proved itself a remarkable remedy for all forms of Eczema. It is a germicide that is harmless to the most delicate skin, but still it is effective and quick in action. If you are a sufferer from skin diseases, including ulcers, pimples, scales, crust or Eczema in any form, this remedy will not disappoint you. It has stood the test and today is the master preparation for all skin diseases. Come in today and ask about our guarantee on D. D. D. Also about D. D. D. Soap, that keeps the skin healthy.

Mme. Petrova in "THE SOUL MARKET"

An absorbing story of life behind the scenes in a Broadway theatre, and the attending gay life along the great White Way. The story carries a moral of no uncertain quality and strength.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

War Orders Continue

The passing of election day had no material effect upon war-order business. Concerns that are reaping a harvest from the direct or indirect demand for our commodities for shipment to Europe, have contracts extending over a considerable period of time and there are European buyers in this country ready to give more orders wherever they can find a firm with a probable ability to deliver the goods.

It is announced that one car-building company's munition deliveries this year will amount to \$30,000,000 or 50% of its ordinary gross business. And the shortage of cars due to congestion in transportation of war-order commodities has created a demand for cars which the factories are unable to fill. They find more profit in making shells.

The great sensation of the past week in business circles was the announcement that one of the smaller powder companies has cleared a profit that enables it to declare a dividend of 179 per cent on its common stock. That is prosperity of an unprecedented kind, but very satisfactory to the few who happen to hold the stock of the company.

One of the greatest advances in prices due to the war is in the copper market. Before war orders became active, copper sold at about 12 cents, and yielded a small profit at that. Now the price is hovering around 30 cents, and, with European sales to the amount of 50,000,000 pounds made last week, there is no likelihood of a decrease soon. Consequently there is prosperity in the copper regions.

Much copper is exported for use in foreign manufactures. More is sold to American manufacturers of brass, who, later, sell their product for export. Before the war began, Canada had no brass factories whatever, but, with the needs of war to be supplied, her newly established brass factories have a capacity of 150,000,000 pounds per year.

Of course war orders have had their continued effect upon the iron and steel industries, and values are going up. It is expected that European powers will place orders for nearly 1,000,000 tons of steel during the coming year. Exporters are offering a premium of \$1 per ton for pig iron.

But producers of powder, copper and iron are not getting all the war-order prosperity. According to recent market reports, a million bushels of wheat were sold in New York in one day for export to Europe. The demand for cattle and horses continues, the cane and beet sugar producers are getting record prices.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

PIMPLES, BLACKHEADS, ALL ERUPTIONS AND REDNESS OF SKIN

Quickly Disappear When
Amolox is Applied.

Many an otherwise attractive girl is a social failure because of a poor complexion. If your skin is not naturally fresh, smooth and glowing, it is perhaps due to a lack of care or to an unwise use of cosmetics, or impure soap.

Amolox Soap and Ointment will heal the pimples, take out the redness and clear up your skin in a remarkably short time. Just wash at night with hot water and Amolox Soap and apply ointment, and note the improvement next morning.

All minor skin troubles yield quickly to this wonderful new remedy and chronic cases of Eczema, Psoriasis and skin diseases, lasting for many years, are being cured when persistently applied for two or three weeks.

Try Amolox today. Trial size 50c. If it fails to do what is claimed of it money will be cheerfully paid back by HARGROVE & MULLIN, Druggists, RUSHVILLE, INDIANA.

and prices of all farm crops are high and likely to remain high as long as the war lasts.

With no prospect for the termination of the war within a year, the outlook is good for prosperous conditions indefinitely. However there is recognition of the fundamental unsoundness of business on the present basis, and fear that when the war ends, as it might unexpectedly, just as it began, Europe will cease to buy from us and begin to sell. In anticipation of this, the Federal Reserve Board has arranged hearings to devise means of preventing Europe from withdrawing the vast quantities of gold that have been shipped to this country in the past two years to pay for our commodities.

This is an official acknowledgment that business as at present constituted is abnormal, and that huge gold reserves are as uncertain as they are unusual. Although the Federal Reserve Board is Democratic, it may conclude that a protective tariff is advisable in order to prevent the dumping of European goods and the depletion of our hoard of gold.

Still on Waiting List.

An attempt to increase the membership of the "Expresidents' Club of America" met with failure, according to William Howard Taft, member in good standing.

"The two living members hadn't been able to agree on much for some years," Taft said. "They met last summer and agreed, however, to have another member. They failed. He is still on the waiting list."

With England growling, Germany prowling and Mexico snapping at the American heels, Uncle Sammy occupies anything but an enviable position in the society of nations.

Since creamery butter has gone up to 41 cents a pound wholesale, it looks like that far famed substitute would have to get into action.

Up at Richmond the housewives are shaving their potatoes. Now if Mr. Burbank would produce an eyeless potato, further waste would be overcome.

Most five-cent sandwiches have been raised to ten cents in Chicago—in which Chicago does not seem to have very much on us.

Not many of the Democratic leaders here have been shouting their heads off about Bryan's declaration for a dry nation.

You probably haven't noticed any candidates for road supervisors advertising for your vote.

Evidently William J. Bryan doesn't like that cognomen "Beerless," and he is going to make it "Beerless."

Shoe dealers say shoes may be retailing at from \$20 to \$30 within a few years. The scarier they get the less kicking we'll have.

Congress will soon be back on the job again. That is, part of it will.

Never mind, there's another four years coming, and the waiting is good.

If the European combatants continue scrapping back and forth the grass will soon be in danger of extinction.

Efficiency produces strength, but not all

GANGRENE FATAL TO MARCUS UNGLESBY

Resulting From Stroke of Apoplexy
Last Summer, it Develops
Into Critical Ailment

DIES AT DAUGHTER'S HOME

Marcus Unglesby, 82 years old, died last night at 11:30 o'clock at the home of his daughter, Mrs. Oscar Miller, south of Arlington, after a several weeks' illness from gangrene. Mr. Unglesby suffered a stroke of apoplexy last summer and it affected his foot, resulting in gangrene. Together with Mrs. Unglesby, he had made his home with his daughter for the past five years. Besides the widow he is survived by two daughter, Mrs. Miller and Mrs. Ida Mentz of Lebanon, Ohio. Short services will be conducted at the late residence Wednesday morning at nine o'clock and the remains will be taken to Lebanon, Ohio, for burial.

WOULD MODIFY A DECREE

Albert Clark Files Petition, Showing he is a Cripple

Albert Clark has filed a petition in circuit court asking the court to modify a divorce decree in which he was ordered to contribute the sum of \$4 a week for the support of his two minor children. On Nov. 11, 1916 Mrs. Ethel Clark was given a divorce from Clark and the defendant was ordered to pay the sum of \$4 a week towards the support of the children. Clark alleges that Ruth, the oldest daughter is earning the sum of \$13 a week and that Blanche, the youngest, is earning the sum of \$7 a week. He maintains that since he is a cripple, having his right leg off, that to pay this amount of money works a hardship on him. He is employed in a local furniture factory. Chauncey Duncan represents the plaintiff.

SEES NO GOOD IN SALOONS

Speaker Declares Laborer is Hurt by Sunday Bars.

(By United Press.)

Indianapolis, Ind., Nov. 21.—Good can be said of the auto in its relation to Sabbath breaking but that is more than can be said of the saloon. Mrs. F. W. Heidel, national superintendent of the Sabbath observance department of the W. C. T. U. declared today in addressing the national convention.

"The saloon is the most prolific source of Sabbath desecration," she said. "Through its front door go so many of our laboring men, who are fortunate to have this day from their work, with the result that their bodies are less fit for labor on Monday than if they had been held to their work."

Some are crowing the others are eating crow, but it will all come out in the wash just the same.

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma.

Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

If you want relief, swift, gratifying relief, get a 50-cent bottle of Rheuma from any druggist, and take one-half teaspoonful once a day.

Genuine Rheuma, with guarantee of a cure or money refunded, is sold by JOHNSON'S DRUG STORE

WOMAN GAINS EIGHT POUNDS

Muncie Man Describes the Benefits Helpmate Derived From Tanlac

Muncie, Ind., Nov. 21.—"My wife has gained eight pounds since she started taking Tanlac," A. J. Symmes, a well known Muncie man, who lives at 533 West Eighth street, said a few days ago.

"For a long time," he continued, "she had kidney trouble, and she also suffered with stomach trouble and rheumatism. She felt tired all the time. Pains in her right side were severe. Frequently she had headaches. Her appetite was very poor.

"The tired feeling has left her since she has taken Tanlac and she gets up in the morning now feeling refreshed and buoyant. The pains in her right side have disappeared. Her appetite is fine and she can eat anything she cares for without bad after effects."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness and the like, and is a fine blood purifier and system cleanser. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's.—(Adv.)

Samuel L. Trabue, Attorney.
Nov. 14-21

RICHMOND WILL COME ON FRIDAY

Strong Quintet From Quaker City Will Meet High School on Local Floor

LOCALS ARE IMPROVING

Districts Are Not Changed as Previously Announced, so as to Include Stronger Teams

The fast Richmond high school team will be the attraction here Friday night against the Rushville five. These two teams have been great rivals, but for the past few seasons Richmond has had the best of the argument, defeating the locals in every game they have played.

Rushville is hoping for a change in luck. Richmond appears to be just about as strong as last season. This team finished second in the district tournament and was just barely nosed out by Brookville. Many faults of the Rushville team discovered in the Martinsville game will be corrected and the team is confident of beating Richmond.

One thing is certain, the fans are seeing some of the best teams in action. The team and coach would rather play and be beaten by one of these big teams than win all their games from the small town teams. Some real basketball is expected to be displayed Friday night. The Richmond team has defeated Anderson this season and last Friday night lost to Muncie on the Muncie floor. Rushville's five is practicing this week, something they showed a decided lack of in the Martinsville game, and the team hopes to be in the best possible shape.

According to Prof. Masters, coach of the local team, the board of control of the Indiana High School Athletic association has not placed Rushville in a district bringing the team into competition with Muncie and Anderson in the district tournaments. Those new districts created are for the control of the athletic association in order to give a wider representation on the board.

Under the arrangements the tournament next spring will include about the same teams as participated in the tournament last year. This being the case Rushville is still in the ring seeking to have the tournament in this city. Richmond has had the tournament for the past two years. Coach Masters has put in a bid for the event and believes that he may be able to secure it for Rushville.

There will probably be from thirteen to eighteen teams take part and these teams for the most part will include those playing in former tournaments in this district. The selection of the center will not likely be made before the latter part of January on the first of February.

THIRTY YEARS FOR THIRTY MURDERS

Bandit in South America Gets One Year For Each of the Crimes Charged Against Him.

RAN WILD FOR TWENTY YEARS

(By United Press.)
Recife, Brazil, Nov. 21.—Thirty years in prison was the sentence imposed on Antonio Silvino, a bandit who terrorized the border of three states for more than twenty years, by the court in session in this city. Silvino had thirty specific murder charges arrayed against him when he was finally captured by the federal police after a pitched battle with the bandit and his two hundred followers. It is claimed that the victims of his border raids number thousands.

KNOWN AS 'MOTHER' OF 7-MAN BOARD

Mrs. F. C. Osborn, Formerly Teacher Here, Wins Fight of Eight Years in Detroit

DESCRIBED IN INTERVIEW

Mrs. F. C. Osborn, formerly Miss Laura Free of this city, is heralded as the "mother" of the seven-man school board in Detroit, Mich., her home. Mrs. Osborn, when she lived here several years ago, was a teacher in the Rushville public schools and is well remembered by her former friends here. A clipping from the Detroit Journal has been received, describing how she won the fight for a smaller board, after eight years of labor, so as to improve the school conditions.

In an interview in the Journal Mrs. Osborn tells how, under the old system, the board was elected, one from each ward, and was controlled by city politics. None of the reforms desired in the Detroit schools, such as the removal of a superintendent who was not an educator but a politician, or the cheapening of school books, could be accomplished. When the fight seemed won in the Michigan legislature, an amendment was added, providing the seven members should be elected from as many zones of the city, instead of at large. Mrs. Osborn fought that but it was passed. However, she succeeded in getting the governor to veto it. Finally, the legislature passed the measure as desired in 1913, but it was taken to the higher courts and was not acted upon favorably until March, 1915, so it could not be submitted to the voters in 1914. However, it carried in the city November 7 and became a law.

PROHIBITION TO BE CONSIDERED

Minnesota Legislature Will Give This Attention Along With Woman Suffrage.

TONNAGE TAX ON IRON ORE

(By United Press.)
St. Paul, Minn., Nov. 21.—Statutory state wide prohibition, woman suffrage, a tonnage tax on Minnesota's billion, 200 million tons of unmined iron ore, and reforms in state government that will follow the recommendations of a hard working economy and efficiency commission that has been on the job two years, will be essential considerations of the 1917 sessions of the Minnesota state legislature, starting in January.

One of the first things Senator E. E. Lobeck of Alexandria, will do will be the introduction of a state-wide prohibition bill, provided for by the statutes, without submission to voters. Woman suffrage must be submitted to the voters and get a two thirds majority before Minnesota women may vote. Two years ago the house sought to submit the issue to the voters but the senate blocked it by three votes.

Tonnage taxes will be aimed largely at the United States Steel Corporation which controls much of the ore of the state. On mines it owns, it pays a tax of eighteen cents a ton, whether or not the ore is mined. The State owns ten per cent of the mines in the states and leases them for which it is paid a royalty of 25 cents a ton, which will be replaced by a higher tonnage tax, probably.

Asthma Sufferer

Write today, I will tell you, free of charge, of a simple home treatment for asthma which cured me after physicians and change of climate failed. I am so grateful for my present good health, after years of suffering, that I want everyone to know of this wonderful treatment. Mrs. Nellie Evans, 555, R. 26, Des Moines, Iowa.—Adv.

The advance in photographs will come some time. Sit now and save money. WALLACE, Photographer. 21316

INDIANA HOLDS LIBRARY RECORD

Has More Carnegie Buildings Than Any State in Union, According to Report

18 BUILT DURING PAST YEAR

Only Five Counties in the State Are Without Public Libraries—Appeal is Made.

Indianapolis, Ind., Nov. 21.—Indiana has more Carnegie library buildings than any other state in the union, according to the annual report made by Henry N. Sanborn, secretary of the public library commission. The state now has 161 libraries.

Eighteen library buildings have been completed during the year at the following places:—Akron, Angola, Coatesville, Culver, Darlington, Franklin, Lawrenceburg, Liberty, Michawaka, Mooresville, New-castle, Orleans, Remington, Royal Center, Shoals, Walton, Winchester, and Winamac. Sixteen others are being built and six other towns have accepted gifts but have not started their buildings.

The report made an appeal for an added appropriation for the work or organizing high school libraries in Indiana.

"There is a crying need for this work in Indiana," said the report. Other states are ahead of us in the matter of organizing high school libraries. We organized ten, last year and have had calls from nearly forty this year. An additional appropriation of \$2,500 would pay the salary and expense of a school organizer."

Only five counties in Indiana are now without public libraries. Pike and Starke counties established their institutions during the last year.

HOOSIER BRIEFS.

Bluffton—The Student Review high school paper, will be published in five issues this year.

Frankfort—Nelson W. Cosner, justice of the peace, has the distinction of having voted for thirteen candidates for president. Only four of whom were defeated.

Columbus—Undaunted by the cold weather, three women accompanied by their husbands, embarked on White river in a canoe, and are camping in a tent on the river bank near here.

IN INDIANA TODAY

Indianapolis—The executive committee of the Methodist Union will meet here this evening with the general committee of the Y. M. C. A. to outline the program for next year.

Indiana Harbor—Knights of Pythias of the third district assembled here today for the district convention. The counties represented were; Lake, Newton, Porter and Jasper.

Terre Haute—The Evansville Retail Merchant's Association will meet in the Chamber of Commerce building here this evening to take up voting on amendments to the constitution and by laws and the trading stamp problem.

BECOMES GOOD FORECASTER

Judge Fox Sees Divorce Suits From Marriage Licenses.

(By United Press.)
Richmond, Ind., Nov. 21. Following his recently expressed conclusion that the increased number of divorces indicates a higher type of civilization Judge Henry C. Fox, has become an active forecaster of prospective divorce suits.

When the aged jurist notes that a marriage license has been issued to a couple whose ages are under fifteen years, he expects to find names on his court docket within a few months and he says he

Wednesday

W. R. C. inspection, at Red Men hall, in the afternoon.

Birthdays party, with Miss Ruth Higgins in West First street.

D. T. Club, with Mrs. Louis C. Hiner at 826 North Willow street, in the afternoon.

Ladies Aid society of the First Baptist church, with Mrs. B. W. Reynolds, in the afternoon.

Called meeting of the Tri Kappa sorority, with Mrs. Jack Knecht at 221 North Harrison street, in the evening.

A banquet will be served to the Knights Templar at the Masonic temple tomorrow evening at 6:30 o'clock after which there will be degree work. Goat will be served.

The Ladies Aid society of the St. Mary's Catholic church will meet Thursday afternoon with Mrs. Michael Oneal at her home at 638 North Sexton street. She will be assisted in entertaining by Mrs. Mike Coyne.

Already funds are being raised for Christmas. Perhaps the first undertaking for this purpose is to be the Charity Ball to be given on Thanksgiving night, November 30th, by the members of the Tri Kappa sorority in the Phi Delta Kappa hall. Along with making money for a good cause, the members of the sorority are planning to give a pretty and delightful dance. Sherman's three piece orchestra will furnish the music and invitations have been sent to a number of out-of-town guests.

Every member of the Thimble Club was present at the pleasant meeting held with Mrs. Harrie Jones at her home in North Harrison street yesterday afternoon. After a delightful chat during the afternoon, a delicious three course dinner was served when the ladies were seated in the dining room. A huge bouquet of fragrant carnations centered the prettily set table and tiny birds perched on the water glasses held the pretty place cards in their mouths, directing the guests to their seats. Mrs. Donald Smith was a guest aside from the club members.

Mrs. Groves of Knightstown will conduct the inspection of the Women's Relief Corps at the Red Men hall tomorrow afternoon. Mrs. William Bainbridge is the inspector of this district, but living in this city, it was necessary to have another inspector conduct the work. Following the meeting, the ladies of the Relief Corps will have an informal social hour and visit the Greeks.

Mrs. Groves will be the guest of honor at a dinner to be given by Mrs. William Trennepohl at her home in Beuna Vista avenue tomorrow at noon, when several members of the Corps will be entertained.

A diversion from the regular meetings of the Juanita Club was the one held at the home of Mrs. Ben Goodin in North Perkins street last evening, when the club members were asked to come masked. They did so and added greatly to the merriment of the event by their clever costumes. Streamers of pink and white crepe paper draped the rooms where the 20 ladies spent the evening. Strands of these delicate shades formed a canopy over the guests. Dainty refreshments were served by the hostess, who was assisted in entertaining by Mrs. John Eckles, Mrs. Gallimore and Mrs. Snider.

"Gift Day" will be observed at the next meeting of the club which will be held at the home of Mrs. Grace Trennepohl in West First street, Wednesday December 6th, when she will be assisted in entertaining by Miss Elizabeth Brown. At this time, each club member will

take one Christmas gift and each will receive one.

The Country Club will be entertained on Thursday evening by Mr. and Mrs. Chester Hall at their country home south of the city.

The members of the Cross Country Club will be entertained by Mrs. Harry McManus at her home north of the city Thursday afternoon.

The annual Thanksgiving dance will be given by the Knights of Pythias in their hall on Thursday evening of this week. Mitchell's three piece orchestra of this city will play.

The meeting of the Wednesday Afternoon Bridge Club, which was to have been held with Mrs. O. M. Dale tomorrow afternoon, has been postponed until Friday, December 1st.

Mitchell's orchestra of this city will play at Kokomo next Tuesday evening for an Eagle dance, at the same place on Wednesday evening for a Phi Delta Kappa dance and on Thursday evening at Newcastle for a Psi Iota Xi dance.

The meeting of Tri Kappa, which was to have been held with Miss Fannie Stiers at her home east of the city yesterday afternoon, was called off and instead there will be a called meeting at the home of Mrs. Jack Knecht tomorrow evening.

Mr. and Mrs. O. M. Harton entertained at their country home south of the city yesterday evening at an elegant dinner when their guests were Mr. and Mrs. Willard Amos, Miss Mary Amos, Mr. and Mrs. A. L. Stewart, Mr. and Mrs. Albert Winslip, Will Inlow, Miss Lucy Inlow, and Mrs. Emma Talbot.

"What a Man Fights For," by H. H. Power, was reviewed in an interesting way by Mrs. Jesse Bennett when she entertained the members of the Coterie Club at her country home west of the city yesterday afternoon. The story of the book was told and commented upon. Following this there was a lively discussion of timely topics by the members of the club, who talked of the war and other things that are before the public eye today. During a pleasant social period, the hostess served a tempting luncheon. Attractive bouquets of chrysanthemums adorned the rooms of the home.

Indefinite plans were discussed for bringing lecturers here for some of the club meetings. The majority of the meetings will continue as has been the custom, leaving the entire program to the originality of the hostess. About a dozen members were present yesterday. The next meeting of the club will be with Mrs. H. H. Elliott.

Miss Gladys Bebout was initiated into Psi Iota Xi yesterday afternoon at the home of Miss Erema Wilk. Following the initiation, the girls of the sorority in her honor were entertained at supper at the home of Miss Gladys Wallace when the hostesses were the members of the second division. A delicious two course supper was served. During the business meeting which was conducted in the evening, it was decided to have the annual banquet December 27th, the anniversary of the founding of the chapter. Plans were made, too, for selling of Red Cross seals during the holidays. The next meeting of the sorority will be Wednesday evening, December 6th, with Miss Beatrice Reeves, who will be assisted in entertaining by Miss Alma Green.

The guests last evening included the Misses Gladys Bebout, Laura Holden, Helen Seudder, Belma Clark, Harriet Vredenburg, Erema Wilk, Frances Neutenhelzer, Beatrice Reeves, Alma Green, Inez Stager, Marie Clawson, Frances Frazee, Lucile Linn and Mrs. Nora Arbuckle.

Two intensely interesting papers made the meeting of the Monday Circle held with Mrs. Gay Abercrombie yesterday afternoon one of

Does Not Rub Off, Lasts 4 Times as Long as Others, Saves Work.

Get a Can Today

the most delightful of the season. An excellent characterization of Marlowe was given by Mrs. Paul Allen in her paper on "The Morning Star that Heralded the Great Dramatic Sun." She traced his life and commented on the fact that he died while young, leaving a very promising future. Being one of the early dramatists, he proved an inspiration for Shakespeare, especially with the character of the Jew in "The Jew of Malta," after which Shakespeare patterned Shylock. Mrs. Kinsinger in a very comprehensive way compared Marlowe's Jew, with the Shylock pictured by Shakespeare, showing how overdrawn the former was and how the reader was made to pity the Jew pictured by Shakespeare. Aside from being interesting, Mrs. Kinsinger's paper was a literary treat.

A short business meeting followed the program. The next meeting will be with Mrs. Ralph Payne on December 4th.

NOW THAT WINTER IS HERE MORE RELISHES SHOULD TASTE GOOD

Dill Pickles.—Take cucumbers, small or medium size, and wash clean, rubbing off all black knots. Have in readiness some bunches of dill, bay leaves, grape leaves, salt and fresh cold water. Into a three or five gallon earthen jar put a layer of bay leaves, grape leaves and dill, then a layer of the cucumbers. Follow with leaves again and sprinkle with a little salt these alternate layers of leaves and cucumbers. When the jar is filled, the top being leaves, dill and salt, fill up with cold water, leaving space enough so that after a large plate is inverted over the pickle it is under water about an inch. In about a week scum will commence to rise. This should be skimmed off and the cloth which covers the jar washed.

ONE MAN FINED AS OUTGROWTH OF RAID

James Amos Admits Guilt and Mrs. Myrtle Hood and Grace Woods Prefer to Stand Trial

HEARING FOR FRIDAY NIGHT

Following a plea of guilty by James Amos to a statutory charge, growing out of a raid on the home of Mrs. Myrtle Hood in West Third street, Mrs. Hood and Grace Woods were arraigned in police court this afternoon. Mrs. Hood was charged with keeping a house of ill fame and with a statutory offense and Miss Woods faced a statutory charge.

Both of the women pleaded not guilty and the trials were set for 7 o'clock Friday night. The Woods woman at one time made her home with Mrs. Hood, but was not found there when the police raided her home. The visit of the police to the Hood home occurred last Saturday night.

RUBBER STAMPS

Whenever you are in need of rubber stamps of any description, whether for marking linen or name stamps, we will be pleased to show you samples. The Republican Company. 1931f.

THE MODERN WAY

The modern housewife does not convert her home into a factory, at least to the extent of making it more of an industrial institution than it is a home. Instead of baking their own bread, thousands of housewives are getting it from the bakery. Likewise, canned goods are not put up in the home, but purchased from the grocer. Clothing is not made in the home, as in the days of your grandmother; it is purchased outside, and delivered to you, ready to wear. Then why not do the logical thing in another case, and send your household linens and washable apparel to a modern power laundry? Washing and ironing are factory processes, that for at least one day in each week render the average home almost uninhabitable. Perhaps you have found this out, and are having all or part of your laundering done in the home of a washerwoman. If you will let us do your laundering, you can rest assured that it is being done under sanitary conditions and in a sanitary manner.

Give us a trial order, and then you will be a regular customer—happy and care free on Monday, as far as laundering is concerned.

SOAP-BOX TALKS ARE THEIR KIND

High Sounding Phrases And Involved Bible Quotations Don't Make Dent on "Tommies."

ONE SKY PILOT A SCRAPPER

Army Preachers Soon Found Out That Men Wanted Only Simple Language.

(By United Press.)
London, Nov. 2.—(By Mail)—No high sounding phrases and involved bible quotations make a dent on the "Tommies" at the front. It's simple, soap-box, alfresco language that army chaplains have to use if they get an audience.

And all army sky pilots are doing it, according to an officer just back from the front.

"Men who preached from immaculate pulpits in words of the highest education before the war are out there talking horse sense to the soldiers and are having no trouble to get congregations," said the officer.

Here is a sample of the latest kind of sermon—the logic which the "Tommies" listen to and like.

"If what I am going to say is going to make an old woman of any of you men, forget it. If it will help you take a try at it.

"Now the first thing a fellow has got to get hold of is that someone is responsible for this outfit we call the world. Someone put it here. You won't find a shell in your bore or a feed in your nosebag unless someone has put it there. Very well someone got this world where it is, someone put us here and someone is responsible for our being. That's God. I think that's horse sense.

"I know a man—a friend of mine, who fights and boxes for a living—a man with a hell of a punch—take his own part anywhere. He's not ashamed to say—or let you hear him say: 'Christ, help me to play the game.' You know what we mean by that—going straight with men and women. We all know what it means, doing your job and not doing the 'dirty' to anyone.

"What is there to be ashamed of if a man saying in his heart—he needn't say it aloud if he doesn't want to—I believe in you Christ with all my heart. I know if I go square You'll stick to me and I'm going to try always to go square; and if you find me getting off the track, help me to get back."

"I don't want you to be a psalm singer, wear long hair or be don't drink—don't smoke sort of fellows. I want you to be manly. It's hell boys for everyone to hate the sight of you because you're a rotter.

"Tell Him boys that you're out to do a bit of good for yourselves; that you want him to help you go straight and clean; that you often find it a tough job; that you want a real true friend who knows the worst and the best of you and I'll warrant help will come."

The young chaplain who "preached" this particular "sermon" was an athletic young vicar from a fashionable community of London before the war. His weekly chat with the men is always looked forward to at a certain part of the front. After the chat he'll put on gloves for a half an hour with any man who has the nerve to tackle him.

AGED EDUCATOR DIES

(By United Press.)
Brownstown, Ind., Nov. 20.—Henry Gunder, age 79 years, widely known educator in Ohio and Indiana, died today at the home of his son near this city. Gunder came to Indiana from Ohio in 1883 and served as superintendent of schools at North Manchester, Bluffton and Newcastle. Later he served in the chair of mathematics in Findlay in Ohio. His last educational efforts were preparing young people for college.

"PURITY" IS COMING

Sit now for your Holiday Photos. WALLACE, Photographer.

ANITA STEWART SAYS—

(COPYRIGHT 1916-VITAGRAPH)

Individuality a Charm

How all of us admire individuality! And how all of us desire people to recognize it in us. Yet, unless we naturally have this endowment, we will find it most difficult to acquire. Individuality is, in reality, a gift.

We can, however, strive to attain a small portion of individuality by making certain things suggest us to our friends and acquaintances.

For instance, I never see a certain shade of blue without thinking of my friend Ethel. She wears it very often and it has become her color. From her chiffon shirtwaists and evening dresses in winter to her linen garden frocks in summer, we find this blue predominating.

Her room is decorated and upholstered in a similar shade of ecru-terrace. Even her luncheon set is embroidered in floss of that color.

I am sure if you will think of your friends you will, in a number of cases, connect certain things with certain people. Thus is one form of individuality suggested.

Some people are fortunate enough to possess no small amount of this wonderful endowment. Their homes speak of it—even to the way flowers are placed in vases and books arranged upon the library table.

While most original people are the possessors of individuality of habits, of expression and of thought there is a wide difference in originality and individuality. The former is a definite quality. The latter is the more subtle in the way it affects one's impression of a person. Sometimes you are swayed by a person's characteristics without knowing why.

Try and cultivate an aura of attractiveness. I know you will be glad when you find a suggestion of it in the response you evoke among your acquaintances. The secret of it is not so much in the WHAT you do, but in the HOW you do it.

I have said enough. During the next month or so just aim to cultivate an individuality, and see if you do not grow far more attractive in your nature than you have been before.

THEY WERE RUNDOWN

How often we hear it said of a man or woman that "they were rundown in health" which accounts for their present sickness. For that reason it is important that when you find you tire easily, when your nerves are troublesome or your work is irksome, you should strengthen your system immediately with the blood-enriching, tissue-building food in Scott's Emulsion which contains pure Norwegian cod liver oil and is free from alcohol.

BRITISH TANK NOT NEW IDEA

James Cowen Invented One in 1854 But Was Turned Down by the Government.

IN FACT HE WAS GIVEN LAUGH

Pamphlet That he Wrote at the Time Was Recently Published in London.

BY HAL O'FLARITY.
(U. P. Staff Correspondent.)
London, Nov. 5.—(By Mail)—

The armored cars or "tanks" as they are called, which walk through stone walls and over trenches, are far from being a new idea in warfare. Way back in 1854, an inventor named James Cowen, constructed a "tank" similar to those now in use on the British front, except that it was propelled by steam instead of gasoline.

Cowen described his invention as a "land and sea locomotive steam ram and battery." It was capable, so he told Lord Palmerton, then premier, of effectually annihilating cavalry and infantry and crushing artillery batteries. Unfortunately, the authorities refused to build or help build any of the machines, much to Cowen's dismay.

The inventor was so enraged over the government's refusal of his plans that he issued a pamphlet telling the public of his wonderful death-dealing machine and of the pettiness of the men in power at that time. The pamphlet, reprinted in London papers today, shows Cowen's juggernaut, a heavily armored locomotive belching fire from guns fore and aft. In bold lettering over the picture, Cowen says: "submitted to Lord Palmerton and his colleagues and by them submitted to a select committee of the most experienced veterans of the age—supposed to be (?) but in reality washed-out old women and senile Old Tabbies at Woolwich whither I caused the machine, models plans etc., to be conveyed, mark—at my own expense."

"For Johnny Bull is a craven animal after his truly Beloved God—Money; and never parts with it willingly, but freely allows himself to be robbed of it by his rulers and taskmasters while he dozes dreams of his Freedom and Liberty and his Idol of Lucre he has only obtained after wading ankle deep in blood all over the world—and this is his greatness."

Cowen asserts in a note at the bottom of his pamphlet that the select committee of veterans refused to consider his plans because the ram could not be officered by a host of poor relations of the Upper Ten Thousand "supported by half starved serfs." He was undoubtedly venting his spleen upon men who refused to consider such an advanced idea for those days.

The refusal stands out in bold contrast to the lightning action of the present-day authorities who enthusiastically furthered the project for the new armored car.

Children pull at the heart strings and their slightest illness means anxiety.

For nearly a half century mothers have had Dr. King's New Discovery at hand for croup, congestion, coughs, colds and grippe.

The mildly laxative ingredients expel the cold germs, the choking phlegm is raised, the congested chest is relieved, the cough loosened and a serious illness is averted.

Get a bottle of Dr. King's New Discovery at your druggist today.

NOW THEY WANT TO CHANGE DATES

Some Soldiers With Nothing to do Figure on Rearranging Our Calendar.

WOULD START AT END OF WAR

Another Says Weeks Are Too Short And he Would Lengthen Them Several Days

BY HAL O'FLARITY.
(U. P. Staff Correspondent.)
London, Nov. 5.—(By Mail)—

Even while the world war is raging around them, day dreamers and idealists have found time to send a few suggestions from the front trenches in Picardy. A corporal, inspired by the comfortable surroundings of a newly-captured German dugout, suggests that a new era for the world should be created immediately after the war is over, the year One beginning on the day peace is finally declared.

Another reformer is propounding the theory that at the end of the existing unpleasantness, the allies should return to the French Republican calendar, which begins the first month of the year on Sept. 22 instead of January 1, and rename it the month of Vintage. The names of the other months are changed, according to the soldier idealist, to make life more cheerful. For instance, the second month would be known as Foggy, the third Sleety and others as Rainy, Windy, Budging, Flowery, Harvest and Fruit. If this plan were adopted, today would be Windy the Eighth.

Thinking along the same lines, a third dreamer languishing in some shell crater out in Nomans' Land, believes the weeks are too short. He would have a week consist of ten days, the days to be renamed with terms of rhythm and poetry, grace and beauty. He also is inspired with the desire for a new era after the war.

There seems to be divergent views as to whether the first year of the new era should be known as the "Yean One, A. P." (After Peace) or, "The Year One, A. K." (After Knockout.)

RUTH LAW PREMIER AVIATOR OF WORLD

Young Woman Breaks American Record From Cross-Country Flying in Chicago—New York Trip.

LAST LEG IN A DENSE FOG

(By United Press.)

New York, Nov. 21.—Ruth Law, took her place as the premier aviator of the world Monday when she broke the American record for cross-country flying.

She landed at Governor's Island at 9:38 a. m., having flown 840 miles from Chicago in an old-tyled aeroplane. She made but two stops. Her flying time for the trip was eight hours and fifty-nine minutes.

Dumb with cold, Miss Law was helped from her aeroplane and hustled to an army officer's home to "thaw out."

The last leg of the flight—270 miles—was made through a dense fog. Miss Law said the fog was so heavy that she was forced to fly very low.

+++++ TODAY'S HOOSIER ODDITY. +++++

Huntington, Ind., Nov. 21.—Twenty sticks of dynamite by boys of this city were used as plaything. When the boys were found, they had broken several of the sticks in two without exploding them.

Decatur—Knights of Pythias of Adams county will meet at Geneva tonight when second degree work will be conferred by teams from Decatur and Berne.

JOSEPH LAKIN PLEADS GUILTY

Sentence Will Not be Pronounced For Few Days so he Can Settle Business Affairs

FIRST JURY TRIAL THURSDAY

Case Charging Operation of Gaming House is Moved up Day From Date Originally Picked

Joseph Lakin entered a plea of guilty to the charge of unlawful sale and possession of intoxicating liquors in circuit court this morning. The formal arraignment was made, but Judge Sparks did not pronounce his sentence as Lakin desired to get his business affairs straightened out.

The trial was set for Friday of this week, but now this will not be necessary. Lakin was indicted last summer by a grand jury along with Charles Perkins. It was alleged that the "blind tiger" was operated at a camp they maintained northeast of the city. Perkins pleaded guilty at the last term of court, receiving a suspended sentence on account of his health. The action of Lakin came as a surprise in some quarters as it was expected he might fight the case.

The first jury trial of the November term will start Thursday instead of Wednesday as originally planned. The case against James Kratzer and John Wolter, charged with operating a gaming house, will be heard at this time instead of on Wednesday. The men are indicted jointly, but whether both will be tried the same day depends on their attorneys. The state is willing to try both cases at the same time, but it is likely that separate trials will be asked.

The outcome of these cases is watched with interest. Kratzer and Wolter operate a pool room in West Second street and it is alleged that the game of rium as played there constituted gaming. At one time the rium games in the city were stopped and Kratzer and Wolter started their game despite orders from the mayor and police. Since the indictment against these two the other places have again started the game and the owners of the places now permitting rium to be played are displaying a great interest in the outcome of these trials.

The continuance of these games depends largely on the outcome. Should the men be acquitted the game will likely go on, but if a conviction is obtained there is a likelihood that the game will be put out of business and a wholesale number of indictments on similar charges.

Judge Sparks this morning overruled a motion for a new trial in the case of John A. Anderson against Joseph Hardin. The case was to foreclose a mechanics lien and the court returned judgment for Anderson in the sum of \$48.

TO PRESENT WILSON PLAN

American Commissioners Expect the Mexicans to Accept It.

(By United Press.)
Atlantic City, Nov. 21.—A final plan of border patrol and withdrawal of the American punitive expedition now in Mexico, backed by President Wilson's approval was to be presented to the Mexican members of the American-Mexican commission today with the statement that the administration at Washington expects it to be accepted without further wrangling.

Helen Heckman is suffering with an attack of the measles.

WANTS TO BE CHAPLAIN

W. R. Jinnett Announces he is Candidate for Prison Place

Representative W. R. Jinnett of Manila, according to information from Indianapolis, announced yesterday that he is a candidate for the appointment as chaplain of the state prison at Michigan City. The position pays a salary of \$1,800 a year. Mr. Jinnett was a member of the house of representatives in 1915 and was re-elected on the republican ticket this year. Mr. Jinnett is a minister and is well qualified for the place he seeks.

COULD NOT STAND SECOND OPERATION

Amputation of Frank Thomas' Leg Made Necessary by Blood Poisoning, Proves Fatal

COW STEPPED ON HIS FOOT

Frank Thomas, well known farmer living two miles west of Milroy, died this morning in the Methodist hospital in Indianapolis, following the amputation of one of his legs. About a year ago a cow stepped on his foot and blood poisoning developed. At that time he was taken to the hospital and the leg was amputated. Mr. Thomas failed to recover, however, as the poison seemed to be all through his system. His other leg was so affected that he was again taken to the hospital last week and it was amputated. He failed to stand the shock and died this morning.

Mr. Thomas was 72 years old. He is survived by the widow and one son, Clyde Thomas. The remains will be brought here tomorrow afternoon and taken to the late residence. The funeral arrangements have not been completed.

PASSENGERS AND CREW ARE SAVED

Life Savers Reach Stranded American Steamer Sibiria After Long Fight With Sea

SCENE OF OTHER WRECKS

(By United Press.)
Deal, Eng., Nov. 21.—Life boat crews today succeeded in rescuing all passengers and members of the crew of the stranded American steamer Sibiria.

The Sibiria struck the Goodwin sands late yesterday. All through the night the waves pounded the vessel, passengers and crew waiting vainly for aid that life boat crews could not give them in the face of the high seas.

Two or three times the life boats were capsized in the surf, several life savers narrowly escaped drowning. Late today, however, a crew succeeded in getting a line aboard the Sibiria.

Life savers have rescued eighty-two persons from various distressed vessels there in the last forty-eight hours.

LINER IN DISTRESS

Washington, Nov. 21.—The liner Lampacas is in distress off Brunswick, Ga., and a coastguard cutter is rushing to her assistance, wireless dispatches said this afternoon. The vessel is in the passenger and freight service between New York and Galveston.

St. Paul, Minn., Nov. 21.—C. A. Congdon, Minnesota member of the republican national committee died today. Heart trouble caused his death.

WATSON LEAVES ON DECEMBER 1

Newly Elected United States Senator, First to Get Commission, Prepares to Assume Duties

APPOINTS A SECRETARY

John F. Hayes, at One Time Secretary to Former Senator Beveridge, Is Named as Aid

Senator James E. Watson stated today that he would leave Rushville for Washington on December 1 to assume his duties as United States senator, his commission having been issued yesterday in Indianapolis by Governor Ralston.

Senator Watson said that he would take his family to Washington after Christmas, but that he would still maintain his residence in Rushville, and added, "I never expect to leave Rushville."

Senator Watson expected to leave today for Phoenix, Arizona on a business trip, but said this morning that he did not know for certain whether he would have to go until he reached Indianapolis.

Senator James E. Watson of this city was the first successful candidate at the election November 7 to be issued a commission by Governor Ralston. He received yesterday the official papers which certify to his election and which will gain admission for him to the United States senate.

Incidentally, at the same time, Senator Watson announced the appointment of John F. Hayes of Indianapolis and Laporte, secretary of Albert J. Beveridge when Mr. Beveridge was in the United States senate.

Mr. Hayes has been identified with political affairs for several years and has been connected recently with the Rumely Company of Laporte. He was one of the active managers of Senator Watson's campaign before and since the nomination last March.

The commission was made out in the offices of Homer L. Cook, secretary of state and signed by Governor Ralston, and the seal affixed.

The commission reads: "In the name and by the authority of the state of Indiana, to all who shall see these presents, greeting:

"Whereas, it has been certified to me by the proper authority, that at a general election held on the first Tuesday after the first Monday in November, 1916, the same being the seventh of the said month, James E. Watson was duly elected to the office of United States senator, in and for the said state of Indiana.

"Therefore, Know ye, that in the name and by the authority of the state aforesaid, I do hereby appoint and commission the said James E. Watson to serve as such United States senator until the fourth day of March, 1921.

"In testimony whereof, I hereto set my hand and cause to be affixed the great seal of state. Done in the city of Indianapolis, this twentieth day of November, in the year of our Lord, 1916, and of the independence of the United States, 141st."

The issuing of the commission sets at rest the report that defeated candidates on the Democratic ticket intend to demand a recount of the vote in Indiana and that there were indications of irregularities in the voting in this state. It is recalled that Governor Ralston has been very careful about issuing commissions in the past, and that he refused to grant papers to certain persons in Vigo County whose election appeared certain on the face of returns two years ago, and who, it developed later, were elected by fraud.

PSI IOTA XI TO SELL SEALS

Sorority Girls Will Enter Campaign Soon With View of Surpassing Former Records

SAME TACTICS TO BE USED

75 Per Cent of Proceeds of Sales in City Will be Given to Visiting Nurse Fund

"Buy a Red Cross Seal" will soon be the cry, for the members of the Psi Iota Xi sorority have decided to take charge again of the sale of Red Cross seals and are planning a more vigorous campaign than in either of the two previous years when they have managed it. For the past five years, the sale of these little stickers has brought a goodly sum into the county for the prevention of tuberculosis and the support of the visiting nurse. Dr. W. C. Coleman, president of the Society for the Study and Prevention of Tuberculosis is at the head of the campaign.

Last year the sum taken in was \$115.51, and the most successful plans worked out in selling this many stamps will be used again this year. Letters explaining the cause of the stamps and inclosing one hundred stamps and an addressed envelope in which to return a dollar, will be sent to a number of the public spirited citizens. Last year the people of Rushville responded readily to this means of selling stamps and for that reason it will be repeated. During the days before Christmas, the girls will have the seals on sale in the postoffice; there will be special sales in all of the schools; and within a short time they will be placed on sale in all of the drug stores. Twenty-five thousand and seals have been ordered to "start on."

The fact that 75 per cent of the proceeds return to the city should encourage the sale of the seals. This entire amount will be turned over to the visiting nurse fund by the Society for Study and Prevention of Tuberculosis. Fifteen per cent of the sales goes to the state headquarters, which manage the advertising and distribution; and ten per cent goes to the national headquarters which furnishes the seals.

One thing which will make the sale less complicated this year is that the sale of seals in the county will be managed by the state headquarters. Only the campaign in the city itself will rest with the sorority girls. Heretofore, by selling seals throughout the county, the visiting nurse was obligated to answer calls in the country and in the county towns. By this new plan, only the proceeds from the sale in this city will go to her and she can confine her work to the city limits.

Prizes are being offered by the headquarters for the organization in towns of equal size selling the greatest number of stamps. It has not been decided whether or not the sorority girls will enter into one of these contests, but they will make every effort to surpass the record of past years.

COAL MARKET IS SWAMPED

Municipal Mine at Terre Haute Takes 3,000 Orders First Day

(By United Press.)
Terre Haute, Ind., Nov. 21.—Mayor Gosson's municipal coal mine did an unprecedented business today. Three thousand orders, practically all of them calling for the limit of 24 tons each, were received the first day of business and hundreds of others began pouring in today.

MEASLES ALL OVER COUNTY

Schools in Country and Small Towns are Also Hard Hit

The epidemic of measles is not confined to this city alone by any means. Most of the towns of the county report many cases and the country schools are equally as hard hit as the city schools. There are many cases in Raleigh and new cases develop every day. In Orange 38 cases were reported today. The school there is almost demoralized. New Salem has had many cases, but the disease has subsided there and most of the pupils are back in school. In Milroy the measles have about disappeared and whooping cough is "all the rage."

IS GOING TO BE AN 8-HOUR DAY-STONE

Head of Brotherhood of Engineers Says Otherwise Country Will Have Some Unfinished Business

LABOR WILL WATCH FIGHT

(By United Press.)
Baltimore, Nov. 21.—"There's going to be an eight-hour day on the railroads, or there is some unfinished business before this country."

In this manner today Warren S. Stone, head of the brotherhood of engineers, answered the question whether the railroad brotherhoods will call a strike if pending injunction proceedings tie up the operation of the Adamson railway law.

Speaking before the convention of the American Federation of Labor here, Stone declared:

"Labor will watch while the railroads fight their own government.

"We expect the brotherhoods on the first day of January to inaugurate an eight-hour day."

Affiliation of the brotherhoods with the American Federation of Labor in a short time seemed likely at the conclusion of the four leaders visit to the convention.

DEPORTING BELGIANS.

(By United Press.)
London, Nov. 21.—Notwithstanding protests from America, Holland and the Vatican, Germany is still deporting Belgian workmen. Moreover, she is now registering presumably for future deportation all citizens of Switzerland and the Duchy of Luxembourg who are residing in Belgium.

Santa Claus Will Have Only Few Dolls With Wigs on Them

War Makes it Impossible for Those of German Manufacture to Reach Here, Dealers Say

AMERICANS DON'T KNOW ART

It would be a bleak Christmas without a doll, especially one of those with "redular hair and eyes and eyelashes," but that is the possibility that confronts the average little girl of Rush county.

Santa Claus—the one that will make the hearts of little folks around here glad, is going to have a difficult time getting any of those kind of dolls because the nasty war has decreed that all of German manufacture shall remain in Germany.

Local dealers have only a limited supply of dolls with wigs and all those who are going to play Santa Claus and want a doll of that sort had better buy early while the buying is good. There are plenty of bald-headed ones, because they are made in America. Dealers here have plenty ordered

SECOND START IS MADE TODAY

Deutschland Turns Her Nose Towards Atlantic This Afternoon at 2:30 O'clock

IS ESCORTED BY TWO TUGS

Submarine Will be Able to Clear Race Before Dark and Have Benefit of Darkness

(By United Press.)
New London, Conn., Nov. 21.—The German undersea freighter made her second start for her home port of Bremen at 2:35 this afternoon, escorted by two tugs which were to accompany her to the three-mile limit.

The great steel net which guarded the Deutschland's return had been swung aside and the sea-green monster of the deep slipped out of her berth on her own power.

Once out into the main stream she swung about, pointing her nose towards the Atlantic, and with the tug Alert alongside, was soon headed for the open sea.

Several members of the Deutschland's crew were on deck and waved farewell.

The submersible will be able to clear the Race well before dark and will then have the benefit of the cover of night for her first dash beyond the three-mile limit.

FRAUD PROBE SPREADING

Witnesses Are Called From Columbus and Frankfort Today.

(By United Press.)
Indianapolis, Ind., Nov. 21.—The investigation into alleged election frauds spread to Frankfort and Columbus. Forty witnesses today were subpoenaed from Bartholomew county to appear tomorrow and give testimony under election fraud cases. Others have been summoned from Frankfort.

NOT TO TALK PROHIBITION

(By United Press.)
Indianapolis, Ind., Nov. 21.—Water Chambers, state senator who sent out the call for democratic members of the state senate to hold a conference at the Claypool hotel Friday afternoon today denied that the meeting was to consider the prohibition issue.

for the Christmas trade, but ordering them and getting them are "horses of a different color." Even though they felt sure there would be no German dolls in America in time for the Christmas trade, importers went to the expense of sending salesmen all over the United States and taking orders. Rushville store managers who sell dolls say that although the docks at German ports are heavily laden with this class of Christmas goods, there is absolutely no prospect of any of them reaching the United States in time for the Christmas trade.

The Deutschland has made a couple of trips to the United States, but she never had any room in her bottoms for dolls—always something more valuable was brought over. American manufacturers have learned the art of making the non-breakable dolls, but they have not yet mastered the one so that they can make dolls with wigs like those of Germany.

DEATH AT COUNTY FARM

Milton B. Hayes, 80, died this morning at the county poor farm, his death being attributed to senility. He is survived by one son, George Hayes, whose whereabouts are unknown. The funeral services will be conducted at the county farm tomorrow afternoon at 2 o'clock by the Rev. S. G. Huntington, with burial at the Little Blue River cemetery.

DR. SMITH READS PAPER

Dr. Will C. Smith read a paper on "Major Injuries and Their Treatment" this afternoon at the semi-annual meeting of the surgeons of the C. I. & W. railway in the Claypool hotel, Indianapolis. Dr. Smith is the surgeon for the road in this city.

INTERESTS SHIPPERS

Ft. Wayne, Ind., Nov. 20.—The total of the \$1,500 damage suits filed by the Rub-No-More company of this city against twenty railroads charging discrimination in freight rates, opened in federal court here today. The case is of special interest to all Indiana shippers as the decision will undoubtedly affect them.

"FLOUR WEEK"

(By United Press.)

Indianapolis, Ind., Nov. 20.—"Flour Week" will be observed throughout Indiana by millers, starting today. This is the second campaign conducted by Indiana millers to teach Hoosier housewives that flour made in this state is the best. Last year the label—"Know Your Flour—Made in Indiana" was boosted.

Seymour.—The Washington township farmers' institute was held today at Chestnut Ridge.

Mrs. Ermina John of Jamestown, Ind., is visiting relatives and friends in this locality.

Mr. and Mrs. A. C. Haskett have installed a heating furnace in their residence.

THE WEATHER THIS WEEK

Washington, Nov. 20.—Forecast for the week beginning Sunday, November 19, 1916: Ohio valley and Tennessee—Fair weather will continue until Thursday or Friday, when there will be rains. Temperatures will average much higher than during the week just passed.

A FEARLESS PHYSICIAN

Such a physician recently remarked:—"The wonderful power of Lydia E. Pinkham's Vegetable Compound over diseases of women is not because it is a stimulant, not because it is a palliative, but simply because it contains the very elements needed to tone up the female system and strengthen the depleted organism." Of course that is so, otherwise it could not succeed as it has.—(Adv.)

FRANK M'KEE SUCCEUMBS

Gone Two Weeks For Benefit of Health, he Dies at San Antonio

The remains of Frank McKee, who died Sunday in San Antonio, Tex., will be brought here tomorrow and taken to the home of his mother, Mrs. Nancy McKee in Andersonville. Mr. McKee, together with his family left Andersonville two weeks ago for the south in the hopes of benefiting his health. Death was caused from tuberculosis. He was 41 years old and was well known in the southern part of Rush county. He is survived by his widow, two daughters and his mother. The funeral services will be conducted Thursday in the Orange Christian church and burial will take place in the cemetery there. The exact time of the services has not been determined.

Bruce Beck is ill at his home in this city.

Amusements

"The Soul Market," a sensational five part Metro feature picture, produced by Popular Plays and Players, with Mme. Petrova, the gifted Polish actress, in the stellar role, will be seen on the screen here at the Princess on tomorrow.

Mme. Petrova is surrounded by an excellent supporting cast including Gypsy O'Brien, Arthur Hoops, Wilmauth Merkl, Evelyn Brent, Fraunie Fraunholtz, Al Thomas, Fritz de Lint and other well-known stage and screen artists. "The Soul Market" is an absorbing story of life behind the scenes in a Broadway theatre, and the attending gay life along the Great White Way. It is a true picture of conditions in New York, and the story carries a moral of no uncertain quality and strength. It promises to be one of the most interesting features of the season.

A chapter of "The Scarlet Runner," a three-act drama, "A Fool and His Friend" and "Breaking In and Out of Society," a comedy, will be the offerings for tonight.

The Mystic offers the three reel drama "The Head of the House" for the first picture tonight. Frank Mayo and Lillian West are featured. The second is a Rose Melville comedy "Her Great Invention." The last is a railway drama "The Secret of the Box Car." Helen Gibson is featured. Tomorrow the feature picture "Betrayed" will be shown.

Mme. Petrova in "THE SOUL MARKET"

An absorbing story of life behind the scenes in a Broadway theatre, and the attending gay life along the great White Way. The story carries a moral of no uncertain quality and strength.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

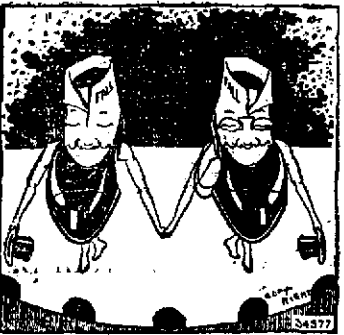

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

War Orders Continue

The passing of election day had no material effect upon war-order business. Concerns that are reaping a harvest from the direct or indirect demand for our commodities for shipment to Europe, have contracts extending over a considerable period of time and there are European buyers in this country ready to give more orders wherever they can find a firm with a probable ability to deliver the goods.

It is announced that one car-building company's munition deliveries this year will amount to \$30,000,000 or 50% of its ordinary gross business. And the shortage of cars due to congestion in transportation of war-order commodities has created a demand for cars which the factories are unable to fill. They find more profit in making shells.

The great sensation of the past week in business circles was the announcement that one of the smaller powder companies has cleared a profit that enables it to declare a dividend of 179 per cent on its common stock. That is prosperity of an unprecedented kind, but very satisfactory to the few who happen to hold the stock of the company.

One of the greatest advances in prices due to the war is in the copper market. Before war orders became active, copper sold at about 12 cents, and yielded a small profit at that. Now the price is hovering around 30 cents, and, with European sales to the amount of 50,000,000 pounds made last week, there is no likelihood of a decrease soon. Consequently there is prosperity in the copper regions.

Much copper is exported for use in foreign manufactures. More is sold to American manufacturers of brass, who, later, sell their product for export. Before the war began, Canada had no brass factories whatever, but, with the needs of war to be supplied, her newly established brass factories have a capacity of 150,000,000 pounds per year.

Of course war orders have had their continued effect upon the iron and steel industries, and values are going up. It is expected that European powers will place orders for nearly 1,000,000 tons of steel during the coming year. Exporters are offering a premium of \$1 per ton for pig iron.

But producers of powder, copper and iron are not getting all the war-order prosperity. According to recent market reports, a million bushels of wheat were sold in New York in one day for export to Europe. The demand for cattle and horses continues, the cane and beet sugar producers are getting record prices,

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

PIMPLES, BLACKHEADS, ALL ERUPTIONS AND REDNESS OF SKIN

Quickly Disappear When Amolox is Applied.

Many an otherwise attractive girl is a social failure because of a poor complexion. If your skin is not naturally fresh, smooth and glowing, it is perhaps due to a lack of care or to an unwise use of cosmetics, or impure soap.

Amolox Soap and Ointment will heal the pimples, take out the redness and clear up your skin in a remarkably short time. Just wash at night with hot water and Amolox Soap and apply ointment, and note the improvement next morning.

All minor skin troubles yield quickly to this wonderful new remedy and chronic cases of Eczema, Psoriasis and skin diseases, lasting for many years, are being cured when persistently applied for two or three weeks. Try Amolox today. Trial size 50c. If it fails to do what is claimed or if money will be cheerfully paid back by HARGREAVE & MULLIN, Druggists, RUSHVILLE, INDIANA.

and prices of all farm crops are high and likely to remain high as long as the war lasts.

With no prospect for the termination of the war within a year, the outlook is good for prosperous conditions indefinitely. However there is recognition of the fundamental unsoundness of business on the present basis, and fear that when the war ends, as it might unexpectedly, just as it began, Europe will cease to buy from us and begin to sell. In anticipation of this, the Federal Reserve Board has arranged hearings to devise means of preventing Europe from withdrawing the vast quantities of gold that have been shipped to this country in the past two years to pay for our commodities.

This is an official acknowledgment that business as at present constituted is abnormal, and that huge gold reserves are as uncertain as they are unusual. Although the Federal Reserve Board is Democratic, it may conclude that a protective tariff is advisable in order to prevent the dumping of European goods and the depletion of our hoard of gold.

Still on Waiting List.

An attempt to increase the membership of the "Ex-presidents' Club of America" met with failure, according to William Howard Taft, member in good standing.

"The two living members hadn't been able to agree on much for some years," Taft said. "They met last summer and agreed, however, to have another member. They failed. He is still on the waiting list."

With England growling, Germany prowling and Mexico snapping, at the American heels, Uncle Sammy occupies anything but an enviable position in the society of nations.

Since creamery butter has gone up to 41 cents a pound wholesale, it looks like that far famed substitute would have to get into action.

Up at Richmond the housewives are shaving their potatoes. Now if Mr. Bimbank would produce an eyeless potato, further waste would be overcome.

Most five-cent sandwiches have been raised to ten cents in Chicago—in which Chicago does not seem to have very much on us.

Not many of the Democratic leaders here have been shouting their heads off about Bryan's declaration for a dry nation.

You probably haven't noticed any candidates for road supervisors advertising for your vote.

Evidently William J. Bryan doesn't like that cognomen "Beerless" and he is going to make it "Beerless."

Shoe dealers say shoes may be retailing at from \$20 to \$30 within a few years. The searce they get the less kicking we'll have.

Congress will soon be back on the job again. That is, part of it will.

Never mind, there's another four years coming, and the waiting is good.

If the European combatants continue scrapping back and forth the grass will soon be in danger of extinction.

Efficiency produces strength, but not all

GANGRENE FATAL TO MARCUS UNGLESBY

Resulting From Stroke of Apoplexy Last Summer, it Develops Into Critical Ailment

DIES AT DAUGHTER'S HOME

Marcus Unglesby, 82 years old, died last night at 11:30 o'clock at the home of his daughter, Mrs. Oscar Miller, south of Arlington, after a several weeks' illness from gangrene. Mr. Unglesby suffered a stroke of apoplexy last summer and it affected his foot, resulting in gangrene. Together with Mrs. Unglesby, he had made his home with his daughter for the past five years. Besides the widow he is survived by two daughter, Mrs. Miller and Mrs. Ida Mentz of Lebanon, Ohio. Short services will be conducted at the late residence Wednesday morning at nine o'clock and the remains will be taken to Lebanon, Ohio, for burial.

WOULD MODIFY A DECREE

Albert Clark Files Petition, Showing he is a Cripple

Albert Clark has filed a petition in circuit court asking the court to modify a divorce decree in which he was ordered to contribute the sum of \$4 a week for the support of his two minor children. On Nov. 11, 1916 Mrs. Ethel Clark was given ad iudice from Clark and the defendant was ordered to pay the sum of \$4 a week towards the support of the children. Clark alleges that Ruth, the oldest daughter is earning the sum of \$13 a week and that Blanchette, the youngest, is earning the sum of \$7 a week. He maintains that since he is a cripple, having his right leg off, that to pay this amount of money works a hardship on him. He is employed in a local furniture factory. Channey Duncan represents the plaintiff.

SEES NO GOOD IN SALOONS

Speaker Declares Laborer is Hurt by Sunday Bars.

(By United Press.) Indianapolis, Ind., Nov. 21.—Good can be said of the auto in its relation to Sabbath breaking but that is more than can be said of the saloon Mrs. F. W. Heidel, national superintendent of the Sabbath observance department of the W. C. T. U. declared today in addressing the national convention.

"The saloon is the most prolific source of Sabbath desecration," she said. "Through its front door go so many of our laboring men, who are fortunate to have this day from their work, with the result that their bodies are less fit for labor on Monday than if they had been held to their work."

Some are crowing the others are eating crow, but it will all come out in the wash just the same.

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma. Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

If you want relief, swift, gratifying relief, get a 50-cent bottle of Rheuma from any druggist, and take one-half teaspoonful once a day. Genuine Rheuma, with guarantee of a cure or money refunded, is sold by JOHNSON'S DRUG STORE.

Greatest enemies of your TEETH

—are Pyorrhea and decay.

Both usually develop only in the mouth where germ-laden tartar is present.

"But I brush my teeth," you say: Yes, you brush them, but do you REALLY CLEAN them?

Tonight, after brushing your teeth, go to the mirror and examine them. In all probability you will find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Senreco, the formula of a dental specialist, REALLY CLEANS. It embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay.

Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for trial package.

WOMAN GAINS EIGHT POUNDS

Muncie Man Describes the Benefits Helpmate Derived From Tanlac

Muncie, Ind., Nov. 21.—"My wife has gained eight pounds since she started taking Tanlac," A. J. Symmes, a well known Muncie man, who lives at 533 West Eighth street, said a few days ago.

"For a long time," he continued, "she had kidney trouble, and she also suffered with stomach trouble and rheumatism. She felt tired all the time. Pains in her right side were severe. Frequently she had headaches. Her appetite was very poor.

"The tired feeling has left her since she has taken Tanlac and she gets up in the morning now feeling refreshed and buoyant. The pains in her right side have disappeared. Her appetite is fine and she can eat anything she cares for without bad after effects."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness and the like, and is a fine blood purifier and system cleanser. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's.—(Adv.)

Nov. 14-21

RICHMOND WILL COME ON FRIDAY

Strong Quintet From Quaker City Will Meet High School on Local Floor

LOCALS ARE IMPROVING

Districts Are Not Changed as Previously Announced, so as to Include Stronger Teams

The fast Richmond high school team will be the attraction here Friday night against the Rushville five. These two teams have been great rivals, but for the past few seasons Richmond has had the best of the argument, defeating the locals in every game they have played.

Rushville is hoping for a change in luck. Richmond appears to be just about as strong as last season. This team finished second in the district tournament and was just barely nosed out by Brookville. Many faults of the Rushville team discovered in the Martinsville game will be corrected and the team is confident of beating Richmond.

One thing is certain, the fans are seeing some of the best teams in action. The team and coach would rather play and be beaten by one of these big teams than win all their games from the small town teams. Some real basketball is expected to be displayed Friday night. The Richmond team has defeated Anderson this season and last Friday night lost to Muncie on the Muncie floor. Rushville's five is practicing this week, something they showed a decided lack of in the Martinsville game, and the team hopes to be in the best possible shape.

According to Prof. Masters, coach of the local team, the board of control of the Indiana High School Athletic association has not placed Rushville in a district bringing the team into competition with Muncie and Anderson in the district tournaments. Those new districts created are for the control of the athletic association in order to give a wider representation on the board.

Under the arrangements the tournament next spring will include about the same teams as participated in the tournament last year. This being the case Rushville is still in the ring seeking to have the tournament in this city. Richmond has had the tournament for the past two years. Coach Masters has put in a bid for the event and believes that he may be able to secure it for Rushville.

There will probably be from thirteen to eighteen teams take part and these teams for the most part will include those playing in former tournaments in this district. The selection of the center will not likely be made before the latter part of January or the first of February.

THIRTY YEARS FOR THIRTY MURDERS

Bandit in South America Gets One Year For Each of the Crimes Charged Against Him.

RAN WILD FOR TWENTY YEARS

(By United Press.)
Recife, Brazil, Nov. 21.—Thirty years in prison was the sentence imposed on Antonio Silvino, a bandit who terrorized the border of three states for more than twenty years, by the court in session in this city. Silvino had thirty specific murder charges arrayed against him, when he was finally captured by the federal police after a pitched battle with the bandit and his two hundred followers. It is claimed that the victims of his border raids number thousands.

KNOWN AS 'MOTHER' OF 7-MAN BOARD

Mrs. F. C. Osborn, Formerly Teacher Here, Wins Fight of Eight Years in Detroit

DESCRIBED IN INTERVIEW

Mrs. F. C. Osborn, formerly Miss Laura Freel of this city, is heralded as the "mother" of the seven-man school board in Detroit, Mich., her home. Mrs. Osborn, when she lived here several years ago, was a teacher in the Rushville public schools and is well remembered by her former friends here. A clipping from the Detroit Journal has been received, describing how she won the fight for a smaller board, after eight years of labor, so as to improve the school conditions.

In an interview in the Journal Mrs. Osborn tells how, under the old system, the board was elected, one from each ward, and was controlled by city politics. None of the reforms desired in the Detroit schools, such as the removal of a superintendent who was not an educator but a politician, or the cheapening of school books, could be accomplished. When the fight seemed won in the Michigan legislature, an amendment was added, providing the seven members should be elected from as many zones of the city, instead of at large. Mrs. Osborn fought that but it was passed. However, she succeeded in getting the governor to veto it. Finally, the legislature passed the measure as desired in 1913, but it was taken to the higher courts and was not acted upon favorably until March, 1915, so it could not be submitted to the voters in 1914. However, it carried in the city November 7 and became a law.

PROHIBITION TO BE CONSIDERED

Minnesota Legislature Will Give This Attention Along With Woman Suffrage.

TONNAGE TAX ON IRON ORE

(By United Press.)
St. Paul, Minn., Nov. 21.—Statutory state wide prohibition, woman suffrage, a tonnage tax on Minnesota's billion, 200 million tons of unmined iron ore, and reforms in state government that will follow the recommendations of a hard working economy and efficiency commission that has been on the job two years, will be essential considerations of the 1917 sessions of the Minnesota state legislature, starting in January.

One of the first things Senator E. E. Lobeck of Alexandria, will do will be the introduction of a state-wide prohibition bill, provided for by the statutes, without submission to voters. Woman suffrage must be submitted to the voters and get a two thirds majority before Minnesota women may vote. Two years ago the house sought to submit the issue to the voters but the senate blocked it by three votes.

Tonnage taxes will be aimed largely at the United States Steel Corporation which controls much of the ore of the state. On mines it owns, it pays a tax of eighteen cents a ton, whether or not the ore is mined. The State owns ten per cent of the mines in the states and leases them for which it is paid a royalty of 25 cents a ton, which will be replaced by a higher tonnage tax, probably.

Asthma Sufferer

Write today, I will tell you, free of charge, of a simple home treatment for asthma which cured me after physicians and change of climate failed. I am so grateful for my present good health, after years of suffering, that I want everyone to know of this wonderful treatment. Mrs. Nellie Evans, 555, R. 26, Des Moines, Iowa.—Adv.

The advance in photographs will come some time. Sit now and save money. WALLACE, Photographer. 21316

INDIANA HOLDS LIBRARY RECORD

Has More Carnegie Buildings Than Any State in Union, According to Report

18 BUILT DURING PAST YEAR

Only Five Counties in the State Are Without Public Libraries—Appeal is Made.

Indianapolis, Ind., Nov. 21.—Indiana has more Carnegie library buildings than any other state in the union, according to the annual report made by Henry N. Sanborn, secretary of the public library commission. The state now has 161 libraries.

Eighteen library buildings have been completed during the year at the following places;—Akron, Angola, Coatesville, Culver, Darlington, Franklin, Lawrenceburg, Liberty, Michawaka, Mooresville, Newcastle, Orleans, Remington, Royal Center, Shoals, Walton, Winchester, and Winnamac. Sixteen others are being built and six other towns have accepted gifts but have not started their buildings.

The report made an appeal for an added appropriation for the work or organizing high school libraries in Indiana.

"There is a crying need for this work in Indiana," said the report. Other states are ahead of us in the matter of organizing high school libraries. We organized ten, last year and have had calls from nearly forty this year. An additional appropriation of \$2,500 would pay the salary and expense of a school organizer."

Only five counties in Indiana are now without public libraries. Pike and Starke counties established their institutions during the last year.

HOOSIER BRIEFS.

Bluffton—The Student Review high school paper, will be published in five issues this year.

Frankfort—Nelson W. Cosner, justice of the peace, has the distinction of having voted for thirteen candidates for president. Only four of whom were defeated.

Columbus—Undaunted by the cold weather, three women accompanied by their husbands, embarked on White river in a canoe, and are camping in a tent on the river banks near here.

IN INDIANA TODAY

Indianapolis—The executive committee of the Methodist Union will meet here this evening with the general committee of the Y. M. C. A. to outline the program for next year.

Indiana Harbor—Knights of Pythias of the third district assembled here today for the district convention. The counties represented were; Lake, Newton, Porter and Jasper.

Terre Haute—The Evansville Retail Merchant's Association will meet in the Chamber of Commerce building here this evening to take up voting on amendments to the constitution and by laws and the trading stamp problem.

BECOMES GOOD FORECASTER

Judge Fox Sees Divorce Suits From Marriage Licenses.

(By United Press.)
Richmond, Ind., Nov. 21. Following his recently expressed conclusion that the increased number of divorces indicates a higher type of civilization Judge Henry C. Fox, has become an active forecaster of prospective divorce suits.

When the aged jurist notes that a marriage license has been issued to a couple whose ages are under fifteen years, he expects to find names on his court docket within a few months and he says he

Social Calendar

Wednesday

W. R. C. inspection, at Red Men hall, in the afternoon.

Birthday party, with Miss Ruth Higgins in West First street.

D. T. Club, with Mrs. Louis C. Hiner at 826 North Willow street, in the afternoon.

Ladies Aid society of the First Baptist church, with Mrs. B. W. Reynolds, in the afternoon.

Called meeting of the Tri Kappa sorority, with Mrs. Jack Knecht at 221 North Harrison street, in the evening.

A banquet will be served to the Knights Templar at the Masonic temple tomorrow evening at 6:30 o'clock after which there will be degree work. Goat will be served.

The Ladies Aid society of the St. Mary's Catholic church will meet Thursday afternoon with Mrs. Michael O'Neal at her home at 638 North Sexton street. She will be assisted in entertaining by Mrs. Mike Coyne.

Already funds are being raised for Christmas. Perhaps the first undertaking for this purpose is to be the Charity Ball to be given on Thanksgiving night, November 30th, by the members of the Tri Kappa sorority in the Phi Delta Kappa hall. Along with making money for a good cause, the members of the sorority are planning to give a pretty and delightful dance. Sherman's three piece orchestra will furnish the music and invitations have been sent to a number of out-of-town guests.

Every member of the Thimble Club was present at the pleasant meeting held with Mrs. Harrie Jones at her home in North Harrison street yesterday afternoon. After a delightful chat during the afternoon, a delicious three course dinner was served when the ladies were seated in the dining room. A huge bouquet of fragrant carnations centered the prettily set table and tiny birds perched on the water glasses held the pretty place cards in their mouths, directing the guests to their seats. Mrs. Donald Smith was a guest aside from the club members.

Mrs. Groves of Knightstown will conduct the inspection of the Women's Relief Corps at the Red Men hall tomorrow afternoon. Mrs. William Bainbridge is the inspector of this district, but living in this city, it was necessary to have another inspector conduct the work. Following the meeting, the ladies of the Relief Corps will have an informal social hour and visit the Greeks.

Mrs. Groves will be the guest of honor at a dinner to be given by Mrs. William Trennepohl at her home in Beuna Vista avenue tomorrow at noon, when several members of the Corps will be entertained.

A diversion from the regular meetings of the Juanita Club was the one held at the home of Mrs. Ben Goodin in North Perkins street last evening, when the club members were asked to come masked. They did so and added greatly to the merriment of the event by their clever costumes. Streamers of pink and white crepe paper draped the rooms where the 20 ladies spent the evening. Strands of these delicate shades formed a canopy over the guests. Dainty refreshments were served by the hostess, who was assisted in entertaining by Mrs. John Eckles, Mrs. Gallimore and Mrs. Snider.

"Gift Day" will be observed at the next meeting of the club which will be held at the home of Mrs. Grace Trennepohl in West First street, Wednesday December 6th, when she will be assisted in entertaining by Miss Elizabeth Brown. At this time, each club member will

take one Christmas gift and each will receive one.

The Country Club will be entertained on Thursday evening by Mr. and Mrs. Chester Hall at their country home south of the city.

The members of the Cross Country Club will be entertained by Mrs. Harry McManus at her home north of the city Thursday afternoon.

The annual Thanksgiving dance will be given by the Knights of Pythias in their hall on Thursday evening of this week. Mitchell's three piece orchestra of this city will play.

The meeting of the Wednesday Afternoon Bridge Club, which was to have been held with Mrs. O. M. Dale tomorrow afternoon, has been postponed until Friday, December 1st.

Mitchell's orchestra of this city will play at Kokomo next Tuesday evening for an Eagle dance, at the same place on Wednesday evening for a Phi Delta Kappa dance and on Thursday evening at Newcastle for a Psi Iota Xi dance.

The meeting of Tri Kappa, which was to have been held with Miss Fannie Stiers at her home east of the city yesterday afternoon, was called off and instead there will be a called meeting at the home of Mrs. Jack Knecht tomorrow evening.

Mr. and Mrs. O. M. Harton entertained at their country home south of the city yesterday evening at an elegant dinner when their guests were Mr. and Mrs. Willard Amos, Miss Mary Amos, Mr. and Mrs. A. L. Stewart, Mr. and Mrs. Albert Winship, Will Inlow, Miss Lucy Inlow, and Mrs. Emma Talbot.

"What a Man Fights For," by H. H. Power, was reviewed in an interesting way by Mrs. Jesse Bennett when she entertained the members of the Coterie Club at her country home west of the city yesterday afternoon. The story of the book was told and commented upon. Following this there was a lively discussion of timely topics by the members of the club, who talked of the war and other things that are before the public eye today. During a pleasant social period, the hostess served a tempting luncheon. Attractive bouquets of chrysanthemums adorned the rooms of the home.

Indefinite plans were discussed for bringing lecturers here for some of the club meetings. The majority of the meetings will continue as has been the custom, leaving the entire program to the originality of the hostess. About a dozen members were present yesterday. The next meeting of the club will be with Mrs. H. H. Elliott.

Miss Gladys Bebout was initiated into Psi Iota Xi yesterday afternoon at the home of Miss Erema Wilk. Following the initiation, the girls of the sorority in her honor were entertained at supper at the home of Miss Gladys Wallace when the hostesses were the members of the second division. A delicious two course supper was served. During the business meeting which was conducted in the evening, it was decided to have the annual banquet December 27th, the anniversary of the founding of the chapter. Plans were made, too, for selling of Red Cross seals during the holidays. The next meeting of the sorority will be Wednesday evening, December 6th, with Miss Beatrice Reeves, who will be assisted in entertaining by Miss Alma Green.

The guests last evening included the Misses Gladys Bebout, Laura Holden, Helen Seudder, Belma Clark, Harriet Vredenburg, Erema Wilk, Frances Neutzenhelzer, Beatrice Reeves, Alma Green, Inez Stager, Marie Clawson, Frances Frazer, Laveile Linn and Mrs. Nora Arbuckle.

Two intensely interesting papers made the meeting of the Monday Circle held with Mrs. Guy Abercrombie yesterday afternoon one of

Black Silk Stove Polish

Does Not Rub Off, Lasts 4 Times as Long as Others, Saves Work.

Get a Can Today

the most delightful of the season. An excellent characterization of Marlowe was given by Mrs. Paul Allen in her paper on "The Morning Star that Heralded the Great Dramatic Sun." She traced his life and commented on the fact that he died while young, leaving a very promising future. Being one of the early dramatists, he proved an inspiration for Shakespeare, especially with the character of the Jew in "The Jew of Malta," after which Shakespeare patterned Shylock. Mrs. Kinsinger in a very comprehensive way compared Marlowe's Jew, with the Shylock pictured by Shakespeare, showing how overdrawn the former was and how the reader was made to pity the Jew pictured by Shakespeare. Aside from being interesting, Mrs. Kinsinger's paper was a literary treat. A short business meeting followed the program. The next meeting will be with Mrs. Ralph Payne on December 4th.

NOW THAT WINTER IS HERE MORE RELISHES SHOULD TASTE GOOD

Dill Pickles.—Take cucumbers, small or medium size, and wash clean, rubbing off all black knots. Have in readiness some bunches of dill, bay leaves, grape leaves, salt and fresh cold water. Into a three or five gallon earthen jar put a layer of bay leaves, grape leaves and dill, then a layer of the cucumbers. Follow with leaves again and sprinkle with a little salt these alternate layers of leaves and cucumbers. When the jar is filled, the top being leaves, dill and salt, fill up with cold water, leaving space enough so that after a large plate is inverted over the pickle it is under water about an inch. In about a week scum will commence to rise. This should be skimmed off and the cloth which covers the jar washed.

ONE MAN FINED AS OUTGROWTH OF RAID

James Amos Admits Guilt and Mrs. Myrtle Hood and Grace Woods Prefer to Stand Trial

HEARING FOR FRIDAY NIGHT

Following a plea of guilty by James Amos to a statutory charge, growing out of a raid on the home of Mrs. Myrtle Hood in West Third street, Mrs. Hood and Grace Woods were arraigned in police court this afternoon. Mrs. Hood was charged with keeping a house of ill fame and with a statutory offense and Miss Woods faced a statutory charge. Both of the women pleaded not guilty and the trials were set for 7 o'clock Friday night. The Woods woman at one time made her home with Mrs. Hood, but was not found there when the police raided her home. The visit of the police to the Hood home occurred last Saturday night.

RUBBER STAMPS

THE MODERN WAY

The modern housewife does not convert her home into a factory, at least to the extent of making it more of an industrial institution than it is a home. Instead of baking their own bread, thousands of housewives are getting it from the bakery. Likewise, canned goods are not put up in the home, but purchased from the grocer. Clothing is not made in the home, as in the days of your grandmother; it is purchased outside, and delivered to you, ready to wear. Then why not do the logical thing in another case, and send your household linens and washable apparel to a modern power laundry? Washing and ironing are factory processes, that for at least one day in each week render the average home almost uninhabitable. Perhaps you have found this out, and are having all or part of your laundering done in the home of a washerwoman. If you will let us do your laundering, you can rest assured that it is being done under sanitary conditions and in a sanitary manner. Give us a trial order, and then you will be a regular customer—happy and care free on Monday, as far as laundering is concerned. SEND IT TO THE LAUNDRY

AGED EDUCATOR DIES
(By United Press.)
Brownstown, Ind., Nov. 20.—Henry Gunder, age 79 years, widely known educator in Ohio and Indiana, died today at the home of his son near this city. Gunder came to Indiana from Ohio in 1883 and served as superintendent of schools at North Manchester, Bluffton and Newcastle. Later he served in the chair of mathematics in Findlay in Ohio. His last educational efforts were preparing young people for college.

Red Cross Ball Blue should be used in every home. Ask your grocer. Large package 5 cents.

SOAP-BOX TALKS ARE THEIR KIND

High Sounding Phrases And Involved Bible Quotations Don't Make Dent on "Tommies."

ONE SKY PILOT A SCRAPPER

Army Preachers Soon Found Out That Men Wanted Only Simple Language.

(By United Press.)
London, Nov. 2.—(By Mail)—No high sounding phrases and involved bible quotations make a dent on the "Tommies" at the front. It's simple, soap-box, alfreco language that army chaplains have to use if they get an audience.

And all army sky pilots are doing it, according to an officer just back from the front.

"Men who preached from immaculate pulpits in words of the highest education before the war are out there talking horse sense to the soldiers and are having no trouble to get congregations," said the officer.

Here is a sample of the latest kind of sermon—the logic which the "Tommies" listen to and likes.

"If what I am going to say is going to make an old woman of any of you men, forget it. If it will help you take a try at it.

"Now the first thing a fellow has got to get hold of is that someone is responsible for this outfit we call the world. Someone put it here. You won't find a shell in your bare or a feed in your nosebag unless someone has put it there. Very well someone got this world where it is, someone put us here and someone is responsible for our being. That's God. I think that's horse sense.

"I know a man—a friend of mine, who fights and boxes for a living—a man with a hell of a punch—take his own part anywhere. He's not ashamed to say—or let you hear him say, 'Christ, help me to play the game.' You know what we mean by that—going straight with men and women. We all know what it means, doing your job and not doing the "dirty" to anyone.

"What is there to be ashamed of if a man saying in his heart—he needn't say it aloud if he doesn't want to—I believe in you Christ with all my heart. I know if I go square You'll stick to me and I'm going to try always to go square; and if you find me getting off the track, help me to get back."

"I don't want you to be a psalm singer, wear long hair or be don't drink—don't smoke sort of fellows. I want you to be manly. It's hell boys for everyone to hate the sight of you because you're a rotter.

"Tell Him boys that you're out to do a bit of good for yourselves; that you want him to help you go straight and clean; that you often find it a tough job; that you want a real true friend who knows the worst and the best of you and will warrant help will come."

The young chaplain who "preached" this particular "sermon" was an athletic young vicar from a fashionable community of London before the war. His weekly chat with the men is always looked forward to at a certain part of the front. After the chat he'll put on gloves for a half an hour with any man who has the nerve to tackle him.

ANITA STEWART SAYS—

(COPYRIGHT 1916-VITAGRAPH)

Individuality a Charm

How all of us admire individuality! And how all of us desire people to recognize it in us. Yet, unless we naturally have this endowment, we will find it most difficult to acquire. Individuality is, in reality, a gift.

We can, however, strive to attain a small portion of individuality by making certain things suggest us to our friends and acquaintances.

For instance, I never see a certain shade of blue without thinking of my friend Ethel. She wears it very often and it has become her color. From her chiffon shirtwaists and evening dresses in winter to her linen garden frocks in summer, we find this blue predominating.

Her room is decorated and upholstered in a similar shade of ecru-tonne. Even her luncheon set is embroidered in floss of that color.

I am sure if you will think of your friends you will, in a number of cases, connect certain things with certain people. Thus is one form of individuality suggested.

Some people are fortunate enough to possess no small amount of this wonderful endowment. Their homes speak of it—even to the way flowers are placed in vases and books arranged upon the library table.

While most original people are the possessors of individuality of habits, of expression and of thought there is a wide difference in originality and individuality. The former is a definite quality. The latter is the more subtle in the way it affects one's impression of a person. Sometimes you are swayed by a person's characteristics without knowing why.

Try and cultivate an aura of attractiveness. I know you will be glad when you find a suggestion of it in the response you evoke among your acquaintances. The secret of it is not so much in the WHAT you do, but in the HOW you do it.

I have said enough. During the next month or so just aim to cultivate an individuality, and see if you do not grow far more attractive in your nature than you have been before.

THEY WERE RUNDOWN

How often we hear it said of a man or woman that "they were rundown in health" which accounts for their present sickness. For that reason it is important that when you find you tire easily, when your nerves are troublesome or your work is irksome, you should strengthen your system immediately with the blood-enriching, tissue-building food in Scott's Emulsion which contains pure Norwegian cod liver oil and is free from alcohol.

BRITISH TANK NOT NEW IDEA

James Cowen Invented One in 1854 But Was Turned Down by the Government.

IN FACT HE WAS GIVEN LAUGH

Pamphlet That he Wrote at the Time Was Recently Published in London.

BY HAL O'FLARITY.
(U. P. Staff Correspondent.)
London, Nov. 5.—(By Mail)—The armored cars or "tanks" as they are called, which walk through stone walls and over trenches, are far from being a new idea in warfare. Way back in 1854, an inventor named James Cowen, constructed a "tank" similar to those now in use on the British front, except that it was propelled by steam instead of gasoline.

Cowen described his invention as a "land and sea locomotive steam ram and battery." It was capable, so he told Lord Palmerton, then premier, of effectually annihilating cavalry and infantry and crushing artillery batteries. Unfortunately, the authorities refused to build or help build any of the machines, much to Cowen's dismay.

The inventor was so enraged over the government's refusal of his plans that he issued a pamphlet telling the public of his wonderful death-dealing machine and of the pettiness of the men in power at that time. The pamphlet, reprinted in London papers today, shows Cowen's juggernaut, a heavily armored locomotive belching fire from guns fore and aft. In bold lettering over the picture, Cowen says: "submitted to Lord Palmerton and his colleagues and by them submitted to a select committee of the most experienced veterans of the age—supposed to be (?) but in reality washed-out old women and senile Old Tabbies at Woolwich whither I caused the machine, models plans etc., to be conveyed, mark—at my own expense."

"For Johnny Bull is a craven animal after his truly Beloved God—Money; and never parts with it willingly, but freely allows himself to be robbed of it by his rulers and taskmasters while he dozes dreams of his Freedom and Liberty and his Idol of Lucre he has only obtained after wading ankle deep in blood all over the world—and this is his greatness."

Cowen asserts in a note at the bottom of his pamphlet that the select committee of veterans refused to consider his plans because the ram could not be officered by a host of poor relations of the Upper Ten Thousand "supported by half starved serfs." He was undoubtedly venting his spleen upon men who refused to consider such an advanced idea for those days.

The refusal stands out in bold contrast to the lightning action of the present-day authorities who enthusiastically furthered the project for the new armored car.

Children pull at the heart strings and their slightest illness means anxiety. For nearly a half century mothers have had Dr. King's New Discovery at hand for croup, congestion, coughs, colds and grippe. The mildly laxative ingredients cool the cold germs, the choking phlegm is melted, the congested chest is relieved and coughs, colds and grippe are cured. Get a bottle of Dr. King's New Discovery at your druggist today.

NOW THEY WANT TO CHANGE DATES

Some Soldiers With Nothing to do Figure on Rearranging Our Calendar.

WOULD START AT END OF WAR

Another Says Weeks Are Too Short And he Would Lengthen Them Several Days

BY HAL O'FLARITY.
(U. P. Staff Correspondent.)
London, Nov. 8.—(By Mail)—

Even while the world war is raging around them, day dreamers and idealists have found time to send a few suggestions from the front trenches in Picardy. A corporal, inspired by the comfortable surroundings of a newly-captured German dugout, suggests that a new era for the world should be created immediately after the war is over, the year One beginning on the day peace is finally declared.

Another reformer is propounding the theory that at the end of the existing unpleasantness, the allies should return to the French Republican calendar, which begins the first month of the year on Sept. 22 instead of January 1, and rename it the month of Vintage. The names of the other months are changed, according to the soldier idealist, to make life more cheerful. For instance, the second month would be known as Foggy, the third Sleety and others as Rainy, Windy, Budding, Flowery, Harvest and Fruit. If this plan were adopted, today would be Windy the Eighth.

Thinking along the same lines, a third dreamer languishing in some shell crater out in Nomans Land, believes the weeks are too short. He would have a week consist of ten days, the days to be renamed with terms of rhythm and poetry, grace and beauty. He also is inspired with the desire for a new era after the war.

There seems to be divergent views as to whether the first year of the new era should be known as the "Year One, A. P." (After Peace) or, "The Year One, A. K." (After Knockout.)

RUTH LAW PREMIER AVIATOR OF WORLD

Young Woman Breaks American Record From Cross-Country Flying in Chicago—New York Trip.

LAST LEG IN A DENSE FOG

(By United Press.)
New York, Nov. 21.—Ruth Law, took her place as the premier aviator of the world Monday when she broke the American record for cross-country flying.

She landed at Governor's Island at 9:38 a. m., having flown 840 miles from Chicago in an old-tyled aeroplane. She made but two stops. Her flying time for the trip was eight hours and fifty-nine minutes.

Dumb with cold, Miss Law was helped from her aeroplane and hustled to an army officer's home to "thaw out."

The last leg of the flight—270 miles—was made through a dense fog. Miss Law said the fog was so heavy that she was forced to fly very low.

TODAY'S HOOSIER ODDITY.

Huntington, Ind., Nov. 21.—Twenty sticks of dynamite by boys of this city were used as plaything. When the boys were found, they had broken several of the sticks in two without exploding them.

Decatur—Knights of Pythias of Adams county will meet at Geneva tonight when second degree work will be conferred by teams from Decatur and Berns.

The new telephone number at the residence of Dr. R. J. Hall is 2163-2131.
